2015 Election Polling Wave 6: Value Clusters Tracking Deck

Methodology

Methodology

- These are the findings of an Innovative Research Group (INNOVATIVE) poll conducted from October 5th to October 8th, 2015. In the following slides we will refer to data from this poll as “Wave 6 (October)”.
- This online survey of 3,417 Canadians was conducted using a combination of INNOVATIVE’s Canada 20/20 panel (n=1,505) and Survey Sampling International (n=1,912).
- Tracking is drawn from five previous waves of online polling: “Wave 1 (July)” from July 24th-30th, 2015, n=2,833; and “Wave 2 (August)” from August 24th to August 31st, 2015, n=3,631; “Wave 3 (September)” from September 4th-10th, 2015, n=2,121; and “Wave 4 (September 2)” from September 20th-24th, 2015, n=2,805; and “Wave 5 (October)” from September 29th to October 1st (n=1,514).
- The sample is then weighted to ensure that the overall sample's composition reflects that of the actual Canadian population according to Census data.
- To control for a possible attitudinal bias in online sample, we weight online data using party identification from a randomized telephone poll. Waves, 1, 2, and 4 were weighted in this way. No recent telephone data was available for Wave 3, 5 or the current Wave 6.
- Because the sample included oversamples in BC, Prairies, Quebec and Atlantic, the final sample is weighted to N=2,000.
- INNOVATIVE provides each panellist with a unique URL via an email invitation so that only invited panel members are able to complete the survey and panel members can only complete a particular survey once.
- Since online surveys are not random probability based samples, a margin of error can not be calculated. The Marketing Research and Intelligence Association prohibits statements about margins of sampling error or population estimates with regard to most online panels.

Note: *Graphs and tables may not always total 100% due to rounding values rather than any error in data. Sums are added before rounding numbers.*

Regions: Where did respondents come from?

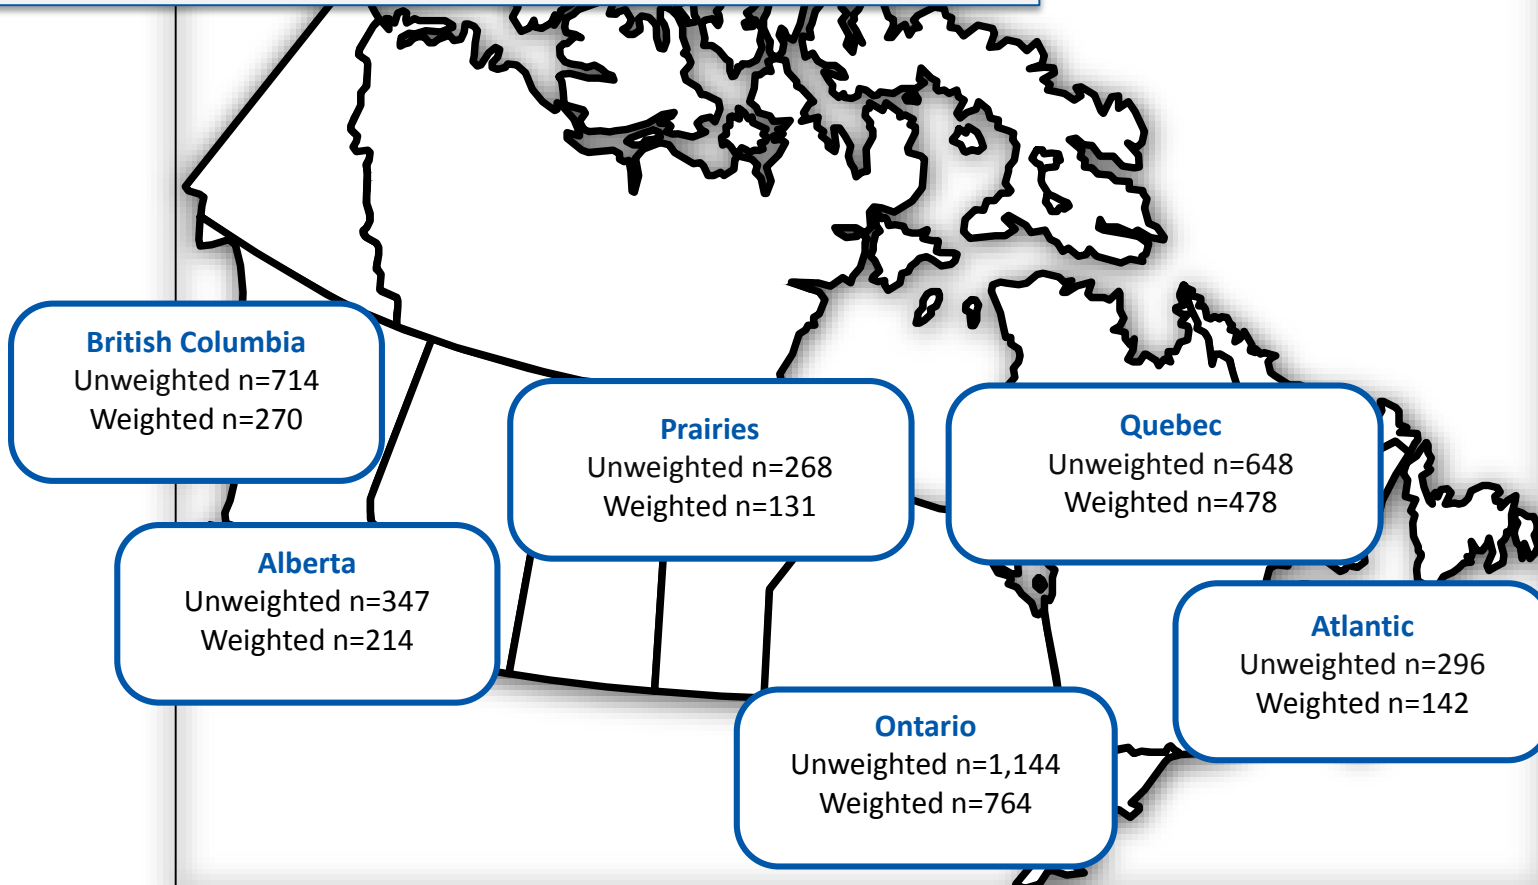

Regional groupings include:

- British Columbia (Yukon)
- Alberta (Northwest Territories)
- Prairie Region (Manitoba, Saskatchewan and Nunavut)
- Ontario
- Quebec
- Atlantic (PEI, New Brunswick, Nova Scotia and Newfoundland & Labrador)

National

Unweighted n=3,417

Weighted n=2,000

Weighting: Region, Age, Gender

Region	BC	Alberta	Prairies	Ontario	Quebec	Atlantic Canada
Unweighted (n-size)	714	347	268	1,144	648	296
Weighted (n-size)	270	214	131	764	478	142

Age	18-34	35-54	55+
Unweighted (n-size)	670	1,139	1,608
Weighted (n-size)	557	740	703

Gender	Men	Women
Unweighted (n-size)	1,679	1,738
Weighted (n-size)	969	1,031

Vote

Party ID: CPC and LPC-identifiers tied up with 23% Undecided; BQ leads LPC in Quebec with NDP in 3rd

Thinking about federal politics, generally speaking do you think of yourself as a...

Rest of Canada

Quebec

n=478

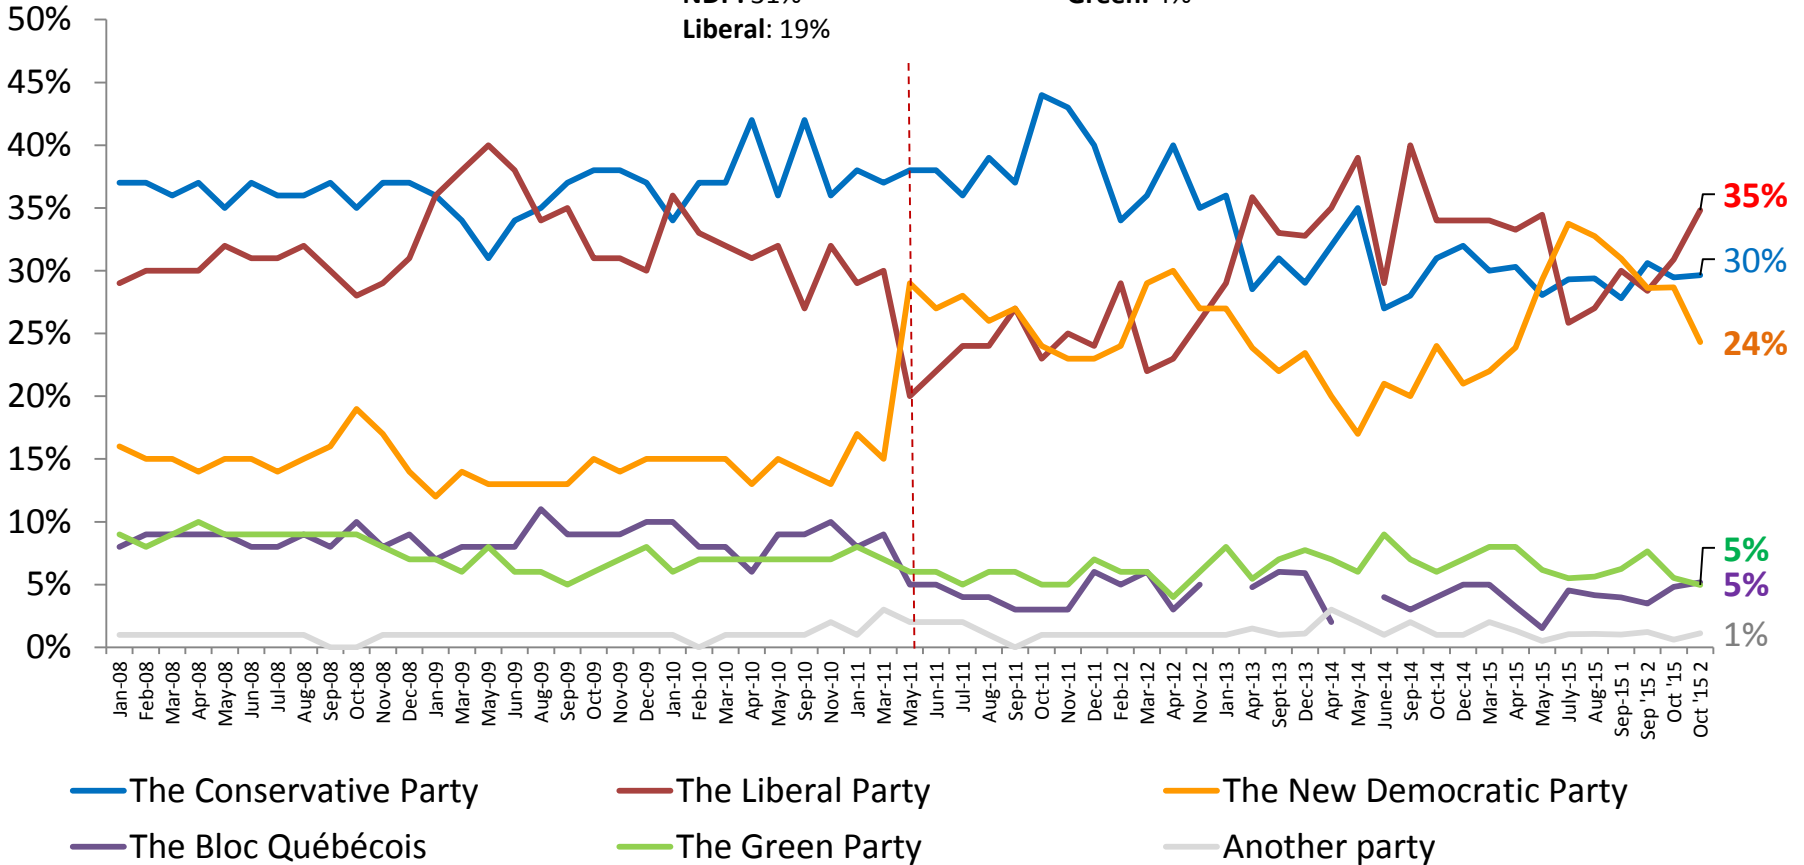

Note: Oversample in Quebec up to n=648 unweighted.

Decided Federal Vote: LPC has grown its lead to 35% with 30% decided on CPC, NDP continues plunge to 24%

If a federal election were held today, which party would you vote for? In that case, which party do you lean toward slightly? [DECIDED VOTE]

May 2011 Federal Election:
Conservatives: 40% **BQ: 6%**
NDP: 31% **Green: 4%**
Liberal: 19%

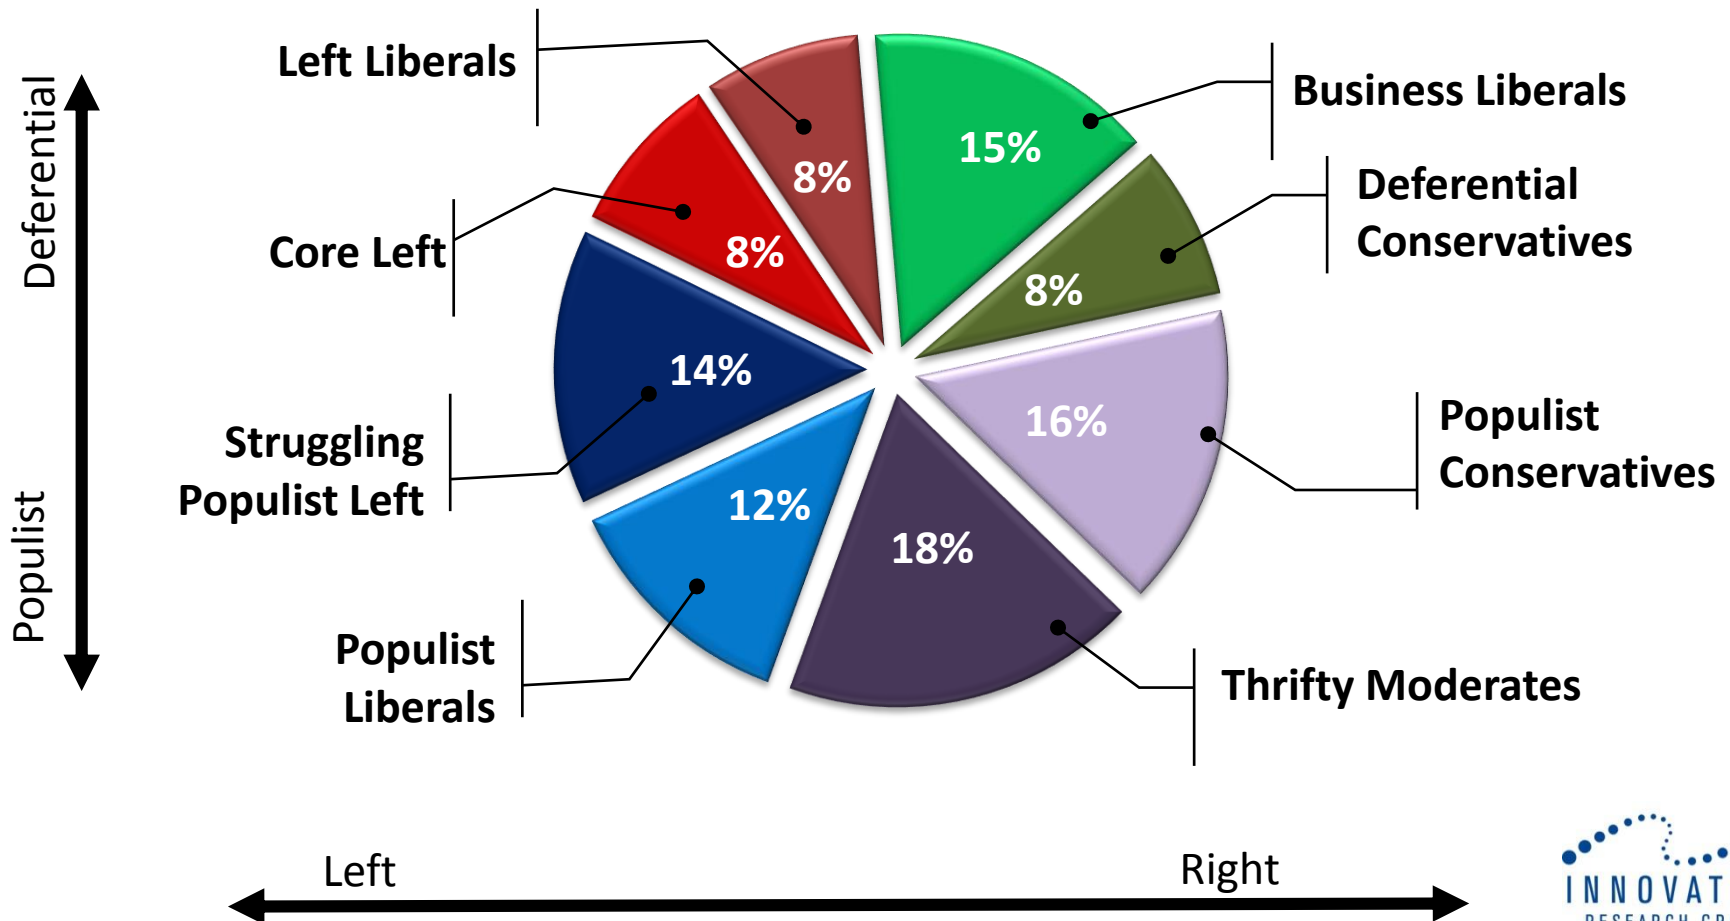

Value Clusters

Cluster Analysis: Values clusters

We have used cluster analysis to group respondents who share common sets of values to better understand the motivations and needs of our audience.

The following chart illustrates eight unique groups among respondents of this survey based on their fiscal and economic values and how hard they are struggling to get by in their day-to-day lives. The pie is organized from left to right on the political spectrum, with “deferential” Canadians on the top half and “populist” ones on the bottom.

What defines each cluster?

		Core Left	Left Liberals	Business Liberals	Deferential Conservatives	Populist Conservatives	Thrifty Moderates	Populist Liberals	Struggling populist left
...to make ends meet	Difficult	50%	46%	56%	25%	46%	59%	63%	73%
	Not difficult	50%	52%	42%	74%	53%	34%	36%	26%
Government spending should be based on...	Ability to afford	1%	24%	0%	96%	95%	53%	24%	0%
	Public need	96%	65%	95%	0%	0%	0%	64%	99%
Main role of government to...	Redistribute wealth	95%	0%	12%	0%	0%	54%	0%	93%
	Create equal opportunity	0%	93%	81%	94%	97%	0%	94%	0%
When it comes to government decision making...	Common sense	0%	0%	42%	0%	93%	37%	92%	90%
	Listen to experts	84%	86%	37%	82%	0%	16%	0%	0%
The profit system...	Brings out worst in human nature	83%	79%	0%	0%	0%	27%	82%	61%
	Teaches hard work and success	8%	0%	92%	91%	92%	22%	0%	20%
If you had to choose	Cut taxes	8%	25%	31%	31%	43%	34%	35%	21%
	Keep as they are	22%	39%	53%	61%	51%	34%	49%	45%
	Increase taxes	65%	30%	10%	4%	4%	4%	12%	25%
