Field Dates: September 24 to October 5, 2021

Spotlight on Manitoba Politics

Today, INNOVATIVE is releasing a spotlight on Manitoba from our ongoing provincial politic survey. This online survey was in field from September 24th to October 5th, 2021, with a weighted sample size of 500 Manitoba residents. Detailed methodology is provided in the appendix.

This report divides Manitoba residents into key political and economic segments and looks at vote intent within each of those groups.

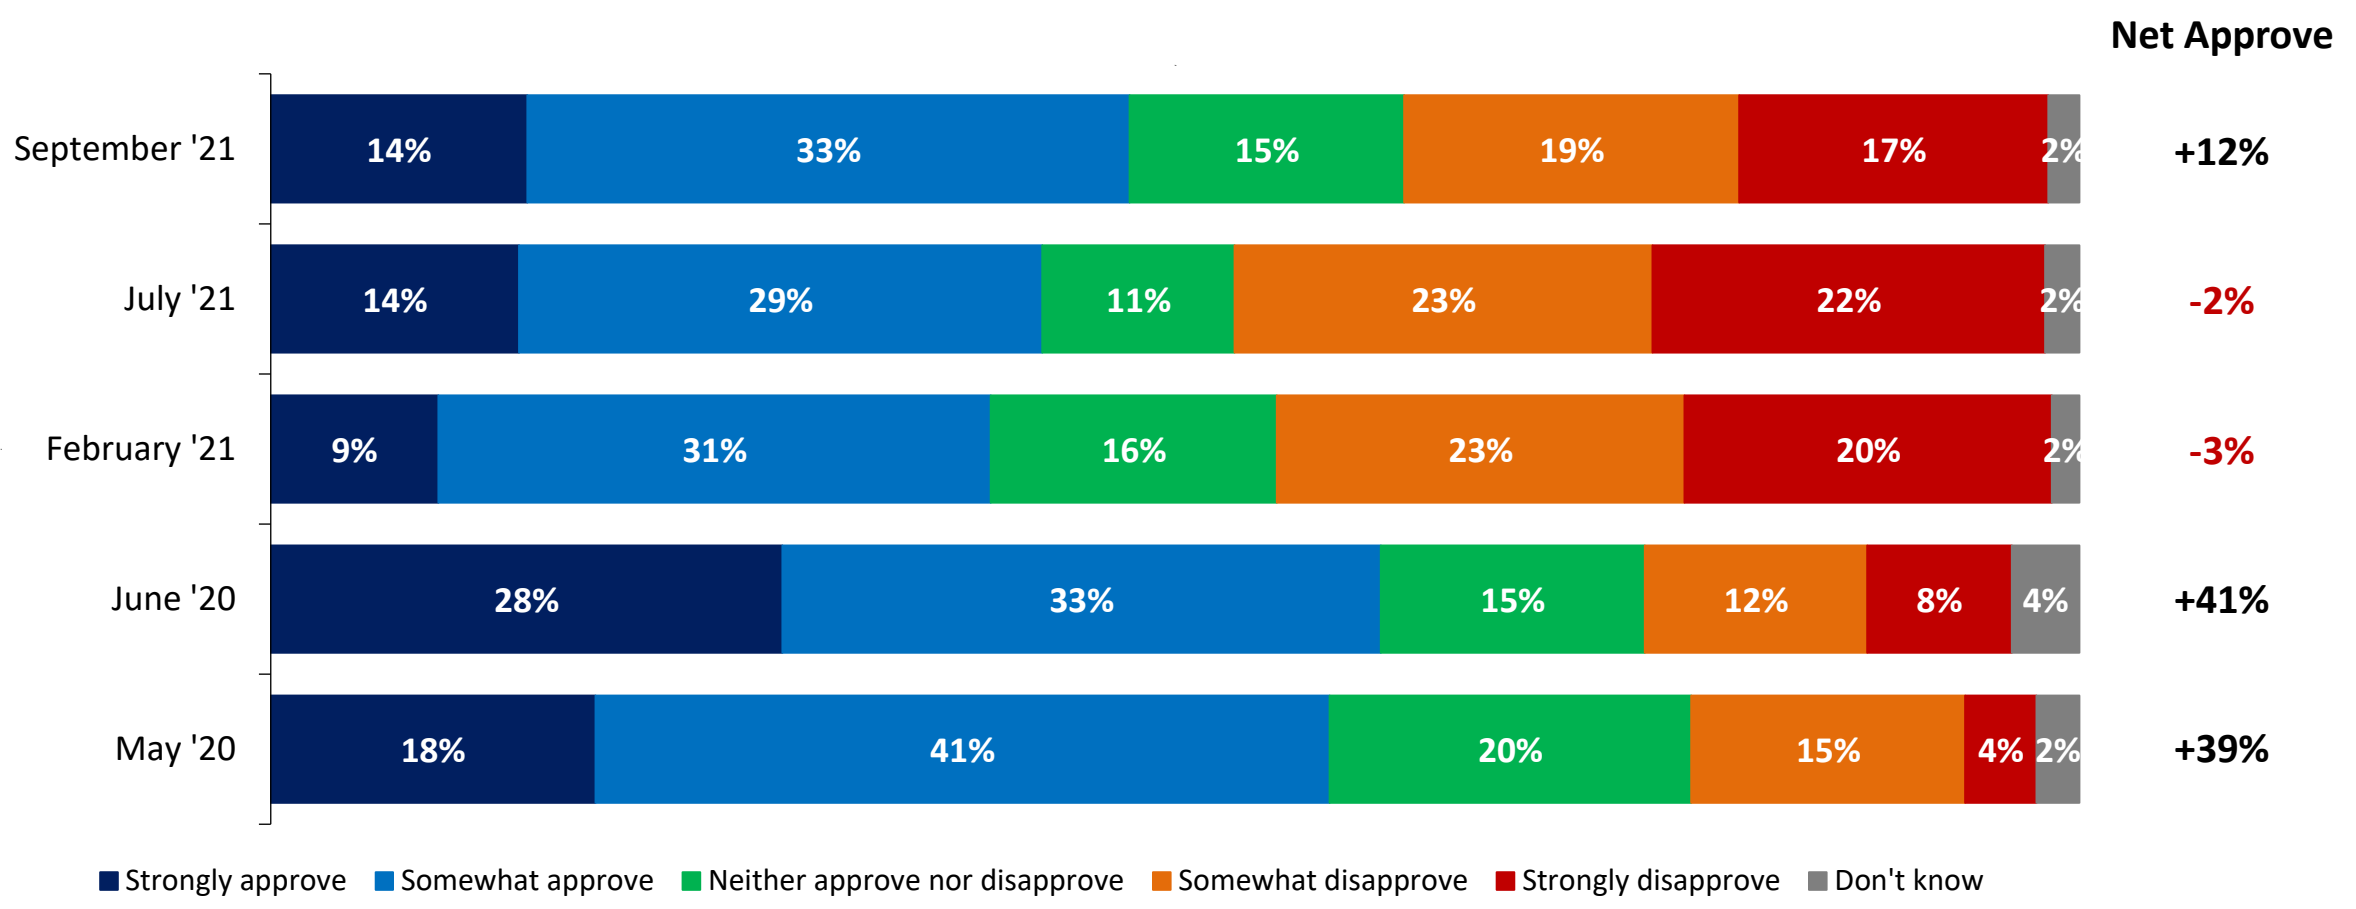

Government Approval

Approval of the government handling of COVID-19 has improved steadily since February, although not to the level of last years numbers.

COVID-19 Handling Tracking: Approval rates have been steadily increasing since February with net approval back in the positives

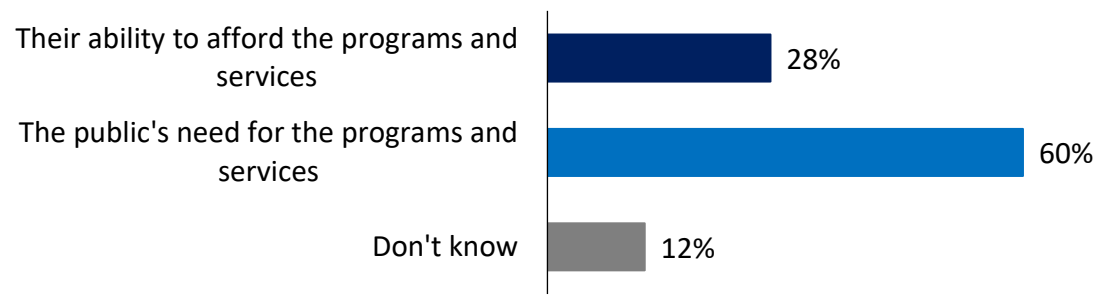

Do you approve or disapprove of the way the Manitoba Government has handled the outbreak of COVID-19?
[asked of all respondents; n=500]

We group individuals into segments based on key political and economic values and attitudes

Core Political Values: 3-in-5 (60%) of respondents believe public need is more important than affordability

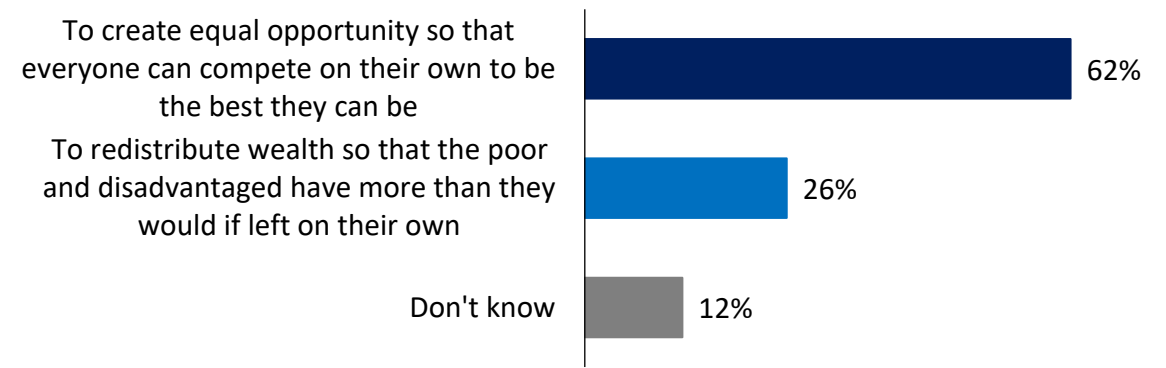

Q Now we would like to ask a few questions about basic values and society...When governments make major decisions concerning spending on programs and services, do you think they should be basing their decisions mainly on...?
[asked of all respondents; n=500]

Q Which of the following statements comes closest to your view?
[asked of all respondents; n=500]

Q Is the main role of government to...?
[asked of all respondents; n=500]

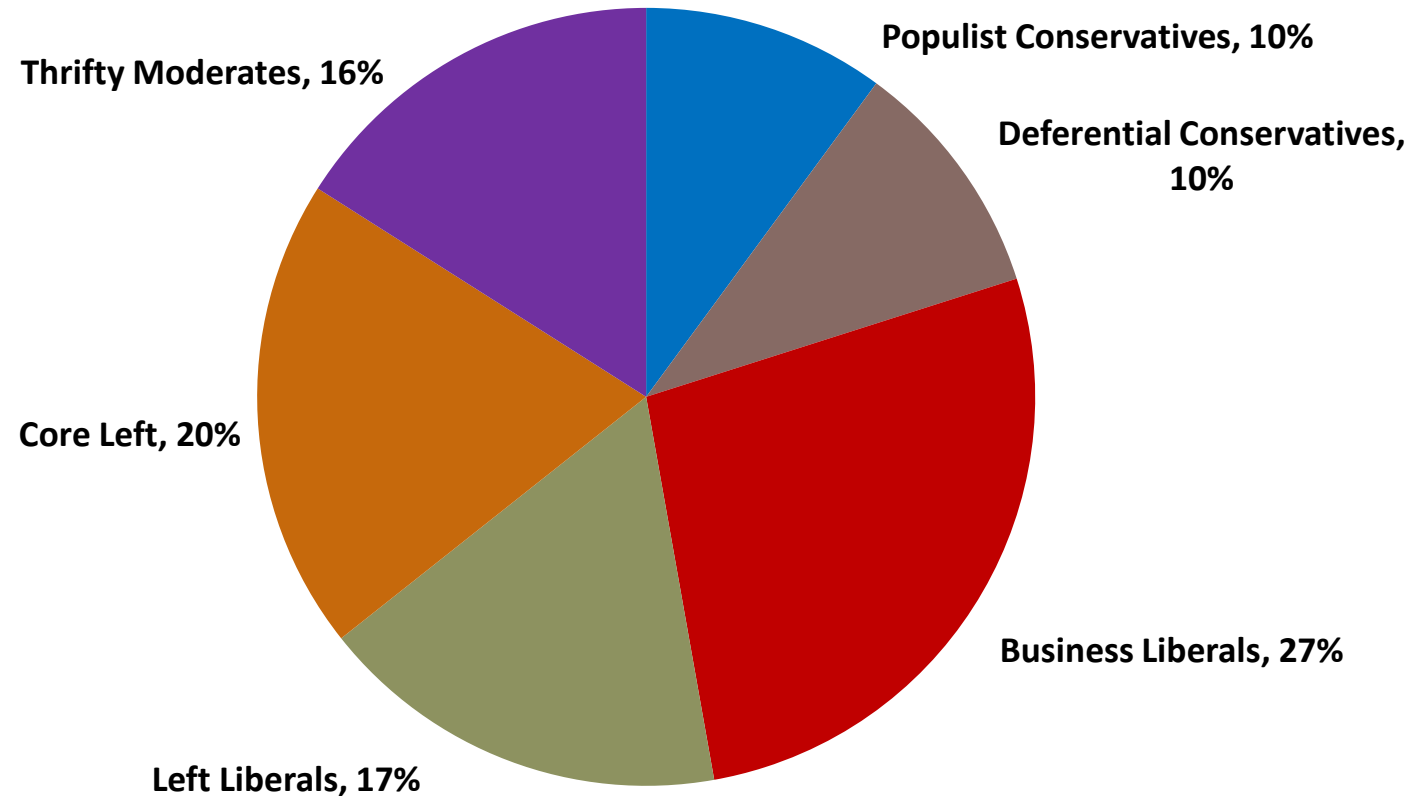

Q When it comes to government decision making, which of the following statements is closest to your view?
[asked of all respondents; n=500]

Value Clusters: Most Manitobans are either Business Liberals (27%), Core Left (20%), or Left Liberals (17%)

Value clusters: Clusters are based on 4 basic values: equal opportunity versus redistribution; trust in the profit system; whether spending should be based on ability to afford or public need; and whether government should listen to experts or common sense.

[asked of all respondents; n=500]

Defining Value Clusters: The Business Liberals cluster find that the government should base their decision on public need

Column %		Deferential/ Populist Conservatives	Business Liberals	Left Liberals	Core Left	Thrifty Moderates
		(N=100)	(N=136)	(N=86)	(N=98)	(N=80)
Governments should base decisions on...	Ability to afford	87%	0%	0%	0%	66%
	Public Need	0%	99%	86%	93%	0%
Is the main role of government to .?	Create equal Opportunity	89%	78%	91%	0%	46%
	Redistribute wealth	5%	12%	0%	95%	18%
When it comes to government decision making...	Rely on common sense	50%	38%	59%	53%	41%
	Listen to experts	43%	45%	22%	32%	25%
The profit system...	Brings out the worst in human nature	0%	0%	74%	89%	60%
	Teaches value of hard work and success	89%	82%	0%	0%	2%

Segmentation Attitudes: Respondents are split on agreeing to 'you can be anything you want if you work for it' & 'it's more difficult to get by'

Do you agree or disagree with the following statements?

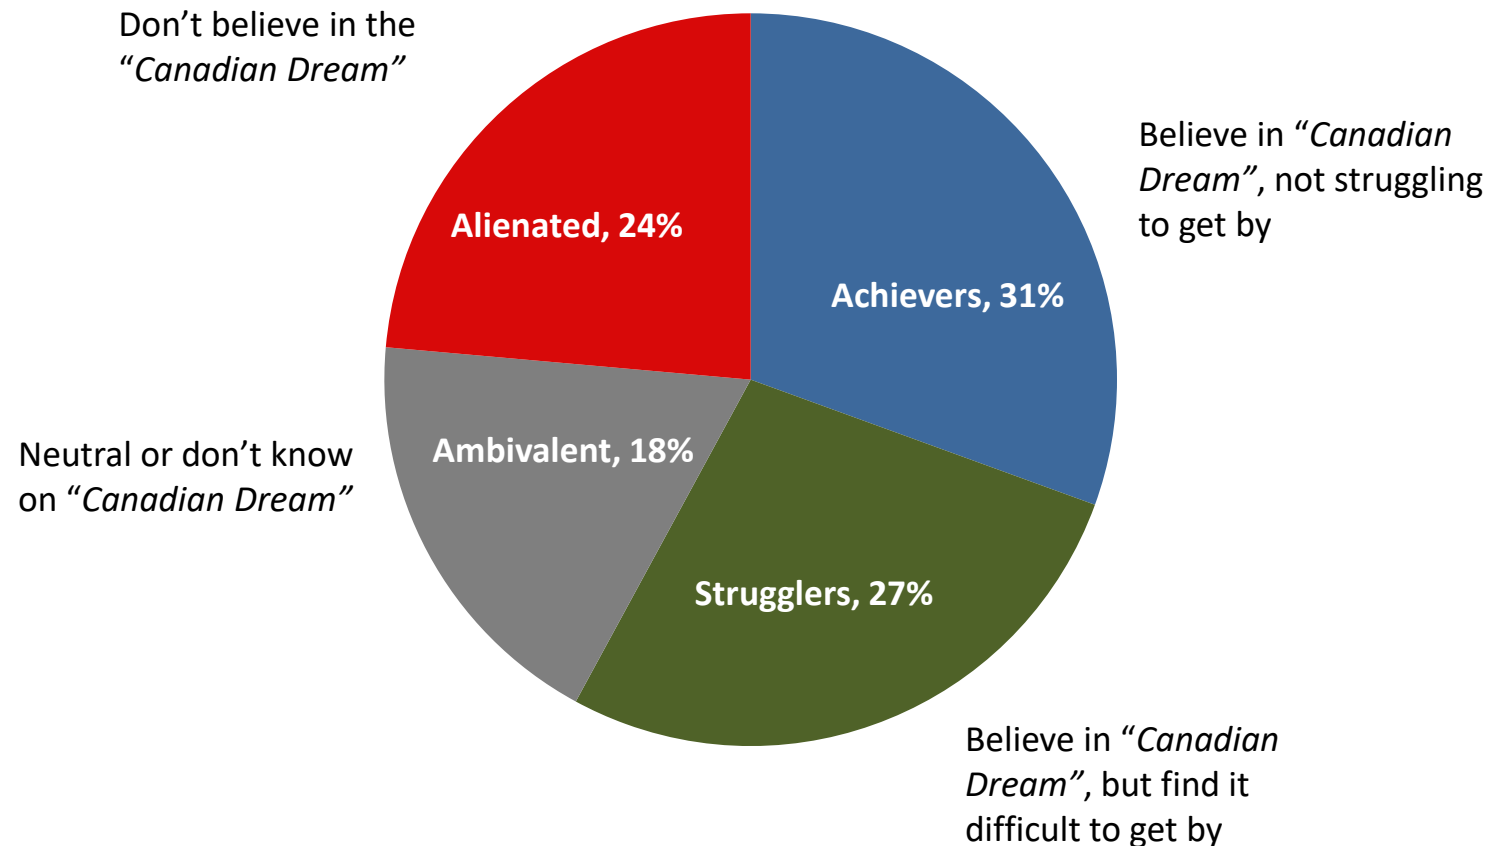

[asked of all respondents; n=500]

Economic Gap Segmentation: Almost 1-in-3 (31%) are Achievers, followed by Strugglers (27%)

Gap segmentation: Agree with 'Here in Manitoba you can be anything you want if you are willing to work for it' ("*the Canadian Dream*") BY Agree with 'No matter how hard I work, every year it seems more difficult to get by'.

[asked of all respondents; n=500]

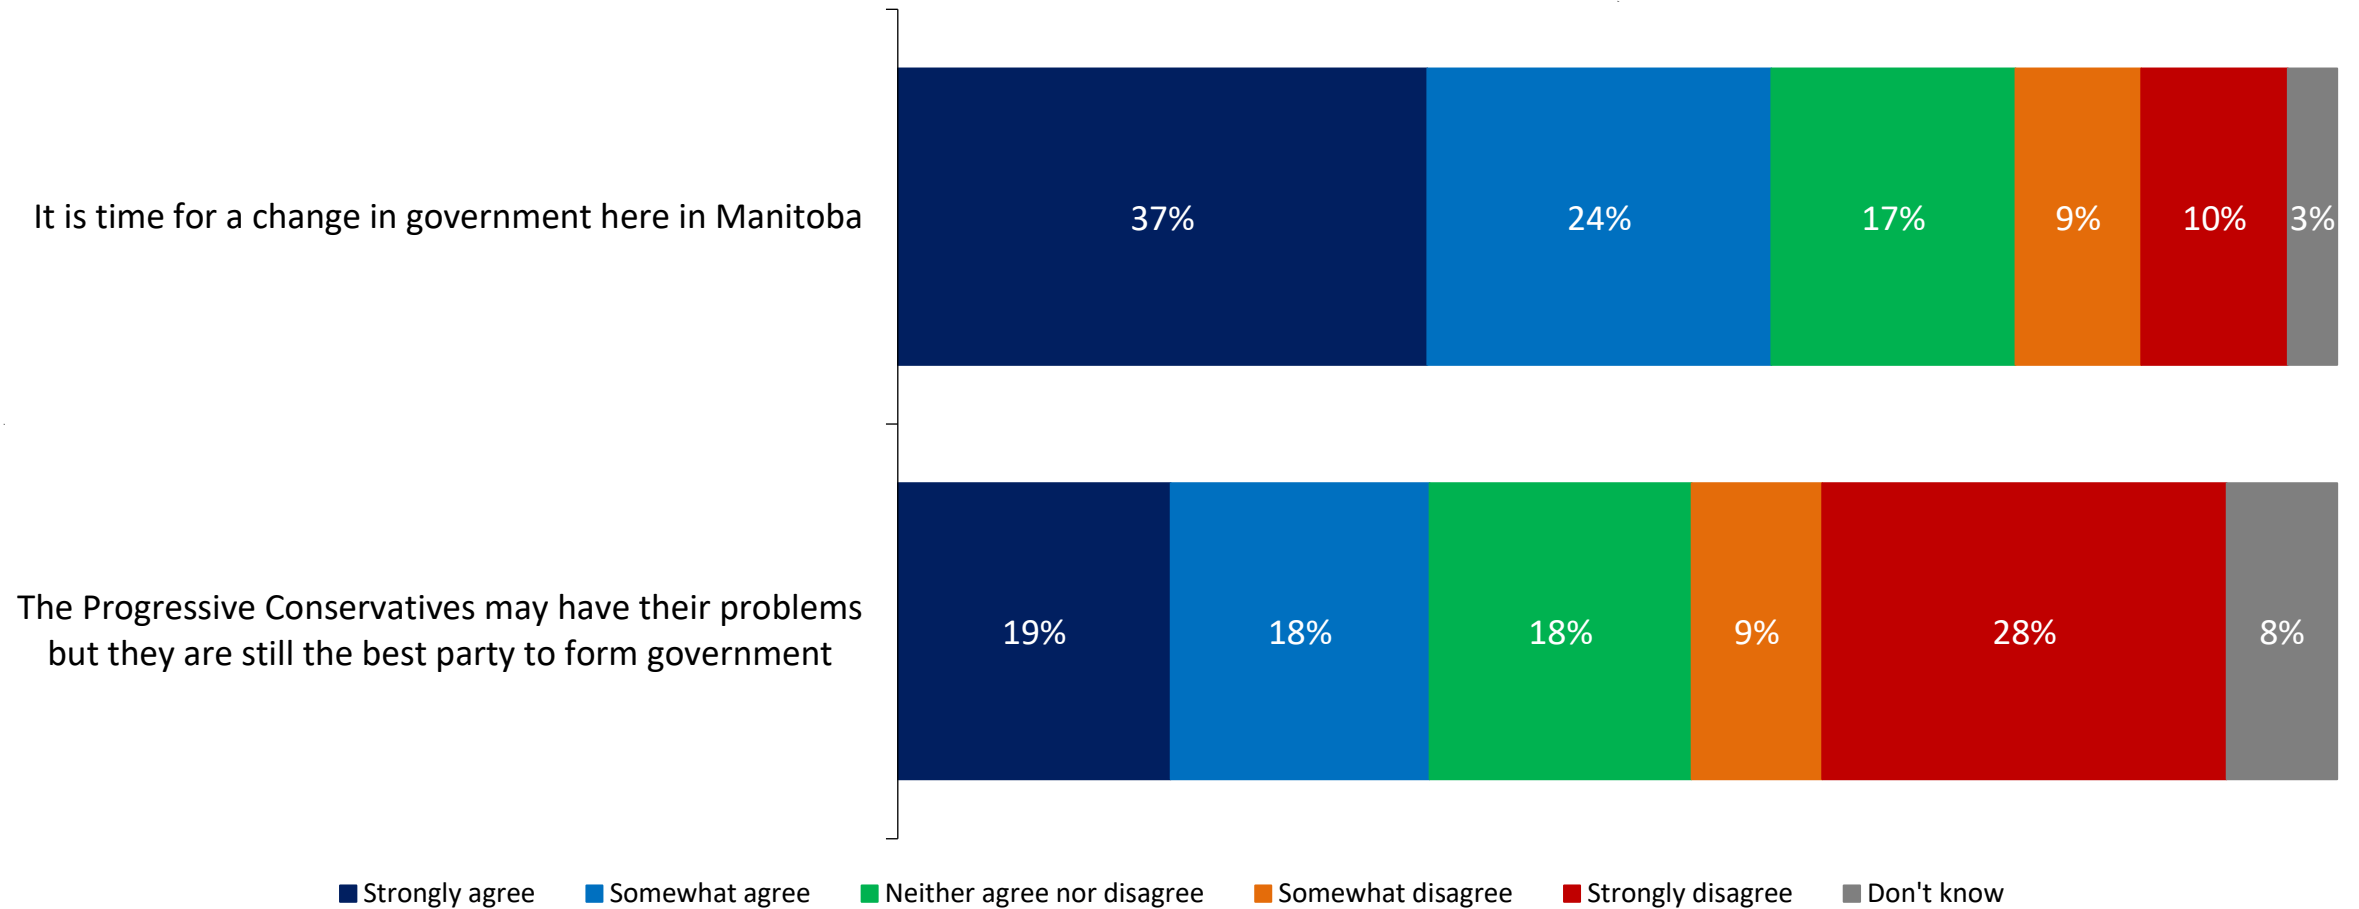

Time for Change Attitudes: More than half (61%) of respondents agree that it is time for a change in government in Manitoba

Do you agree or disagree with the following statements?

[asked of all respondents; n=500]

Time for Change Segmentation: 51% of respondents say it is time for a change and don't agree the PCs are the best party to form government ¹²

Time for Change segmentation: Agree with 'The PCs may have their problems but they are still the best party to form government' BY Agree with 'It is time for a change in government here in Manitoba'.

[asked of all respondents; n=500]

The PC Party has taken the lead over NDPs and Liberals

Innovative reports on vote intention in two ways.

When we ask people who they would vote for if an election were held today, and who they lean towards if they are unsure, we call those results Combined vote. This accounts for the views of everyone in the population including decided voters, undecided voters, and non-voters.

When we look at the results among *only* decided voters, we call that Decided vote. These results most tell us what the election results would be like if the survey results matched the election exactly.

Provincial Combined Vote: The PC party (35%) has gained 10-points since Pallister's resignation and now holds an 8-point lead

If a provincial election were held today, which party would you vote for? In that case, which party do you lean toward slightly? [Vote + Lean]

[asked of all respondents; n=500]

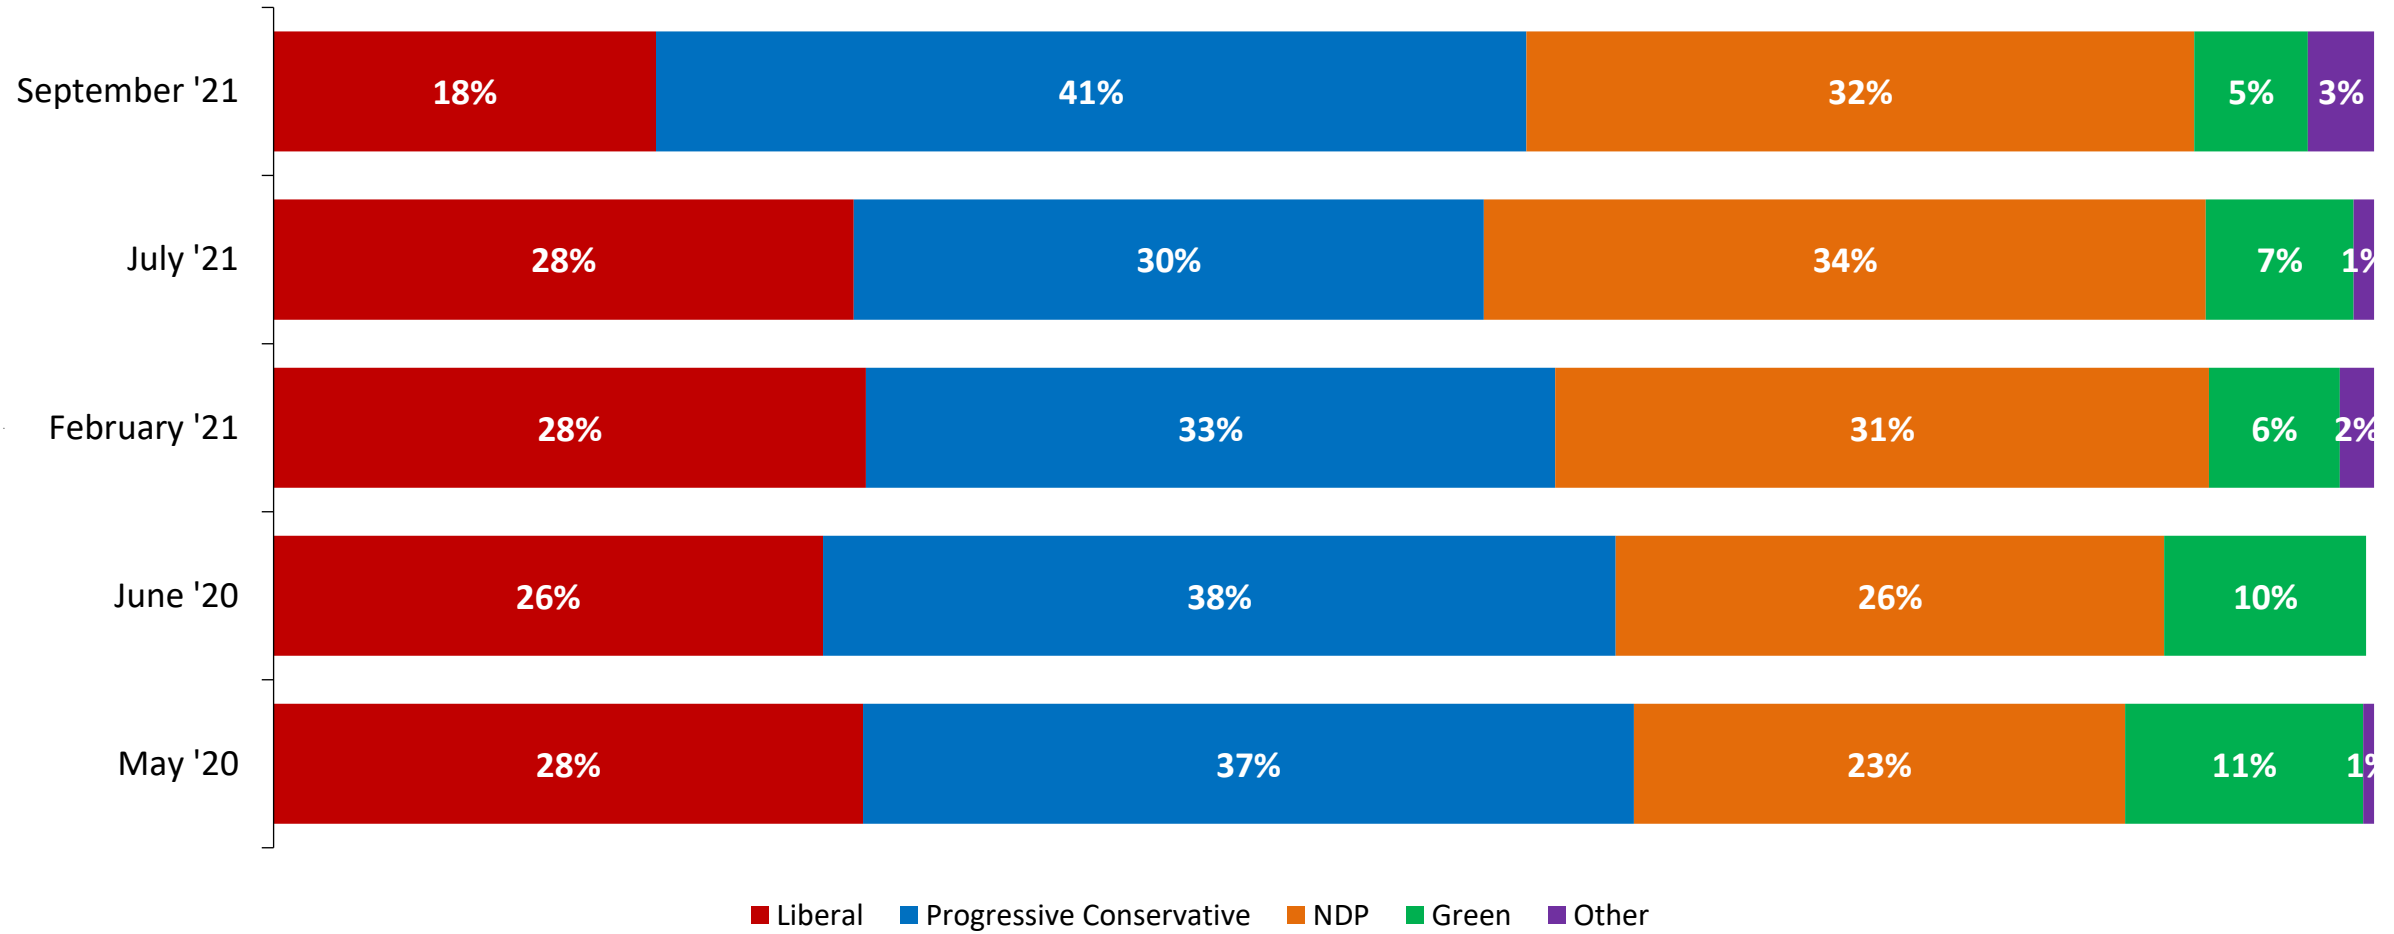

Provincial Decided Vote: The PC party gains have come at the expense of the Liberals, NDP holding their support

If a provincial election were held today, which party would you vote for? In that case, which party do you lean toward slightly? [DECIDED]

[only decided voters; n=419]

Combined Vote by Value Cluster: Top choice for Core Left is NDP; top choice among Deferential/ Populist Conservatives is PCs (69%)

		Value Clusters				
		Deferential/Populist Conservatives (N=100)	Business Liberals (N=136)	Left Liberals (N=86)	Core Left (N=98)	Thrifty Moderates (N=80)
Provincial Combined Vote	Liberal	8%	20%	20%	11%	16%
	Progressive Conservative	69%	43%	23%	7%	24%
	NDP	11%	20%	30%	55%	19%
	Green	1%	0%	4%	7%	14%
	Other	4%	1%	1%	5%	2%
	Undecided/DK	8%	11%	17%	10%	20%
	Would not vote/None	0%	4%	4%	5%	5%

Combined Vote by Economic Gap: Almost 3-in-5 of Achievers give their vote to PCs, while 40% of Alienated give their vote to the NDP

		Economic Gap			
		Achievers (N=153)	Strugglers (N=137)	Ambivalent (N=92)	Alienated (N=118)
Provincial Combined Vote	Liberal	11%	17%	16%	18%
	Progressive Conservative	57%	36%	19%	17%
	NDP	18%	23%	30%	40%
	Green	1%	3%	9%	7%
	Other	3%	2%	3%	4%
	Undecided/DK	9%	14%	18%	11%
	Would not vote/None	0%	6%	7%	4%

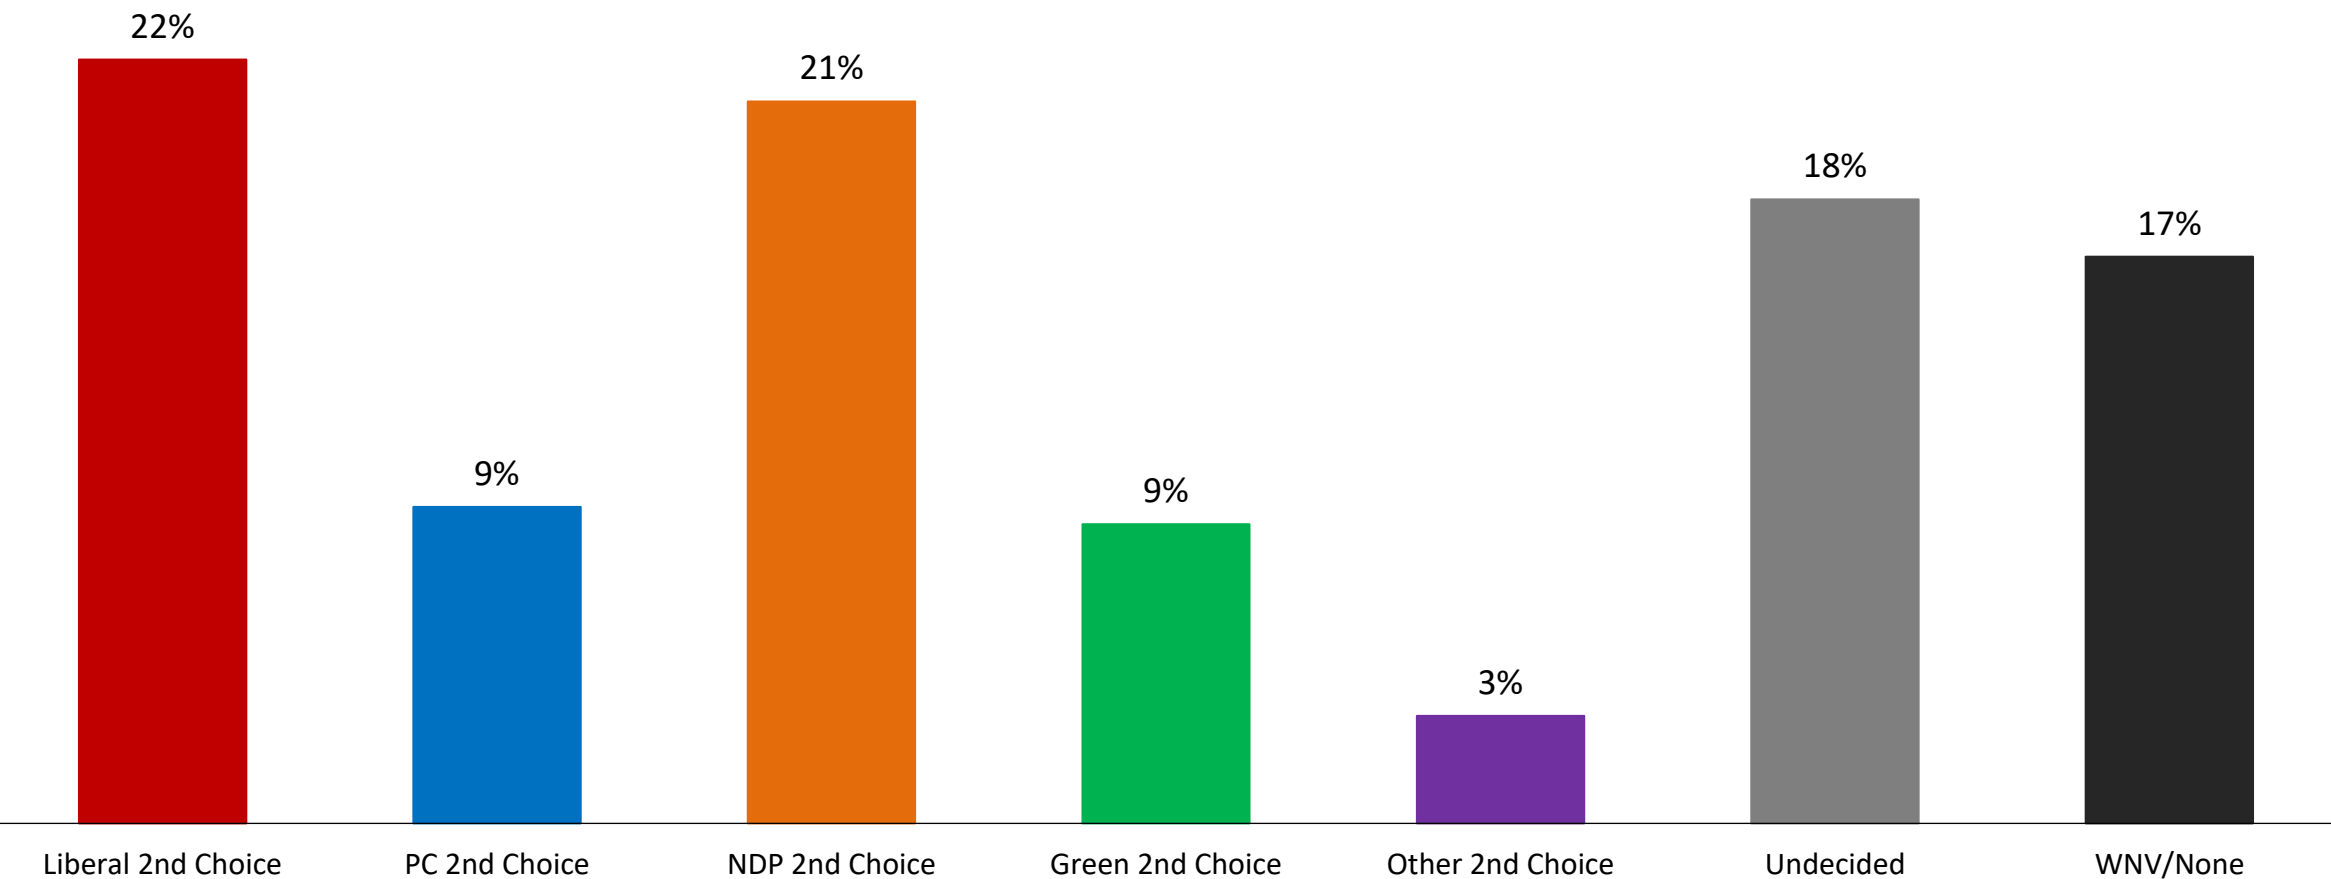

Combined Vote by Time for Change: Just over half of Time for a Change voters would vote PC still

		Time for Change					
		Core PC (N=88)	Soft PC (N=33)	Time for a Change PC (N=65)	Uncertain (N=60)	Soft anti-PC (N=134)	Hostile (N=121)
Provincial Combined Vote	Liberal	1%	2%	12%	24%	19%	23%
	Progressive Conservative	95%	85%	54%	14%	12%	3%
	NDP	1%	5%	16%	4%	31%	63%
	Green	2%	0%	1%	2%	11%	4%
	Other	1%	0%	5%	1%	4%	3%
	Undecided	0%	8%	11%	45%	18%	2%
	Would not vote	0%	0%	0%	11%	7%	3%

Provincial 2nd Choice: Liberals (22%) and NDP (21%) are almost tied for the lead as 2nd choice

And which party would be your second choice?
[only decided voters; n=419]

Provincial 2nd Choice: The Liberals (49%) are the top 2nd choice for NDP voters, and the NDP (46%) are the top 2nd choice for Liberal voters

And which party would be your second choice? BY [Vote+Lean]

		First Choice		
		Liberal 1st Choice	PC 1st Choice	NDP 1st Choice
		(N=76)	(N=173)	(N=133)
Second Choice	Liberal 2nd Choice		14%	49%
	PC 2nd Choice	21%		12%
	NDP 2nd Choice	46%	26%	
	Green 2nd Choice	7%	6%	16%
	Other 2nd Choice	1%	6%	1%
	Undecided	15%	25%	12%
	WNV/None	11%	22%	10%

Provincial Party ID: 1-in-3 (33%) of Manitobans say they are aligned with the PC party, while only 23% consider themselves as NDP partisans

Thinking about politics in Manitoba, generally speaking, do you usually think of yourself as a...

[asked of all respondents; n=500]

Combined Vote by Party ID: Progressive Conservative (87%) and NDP (86%) partisans are the most loyal to their party, unaligned vote split

Provincial Party Identification

		Liberal	Progressive Conservative	NDP	Unaligned
		(N=76)	(N=167)	(N=113)	(N=116)
Provincial Combined Vote	Liberal	64%	1%	4%	13%
	Progressive Conservative	8%	87%	5%	12%
	NDP	19%	4%	86%	12%
	Green	5%	1%	0%	5%
	Other	0%	3%	1%	3%
	Undecided/DK	5%	5%	3%	40%
	Would not vote/None	0%	0%	1%	15%

Leadership

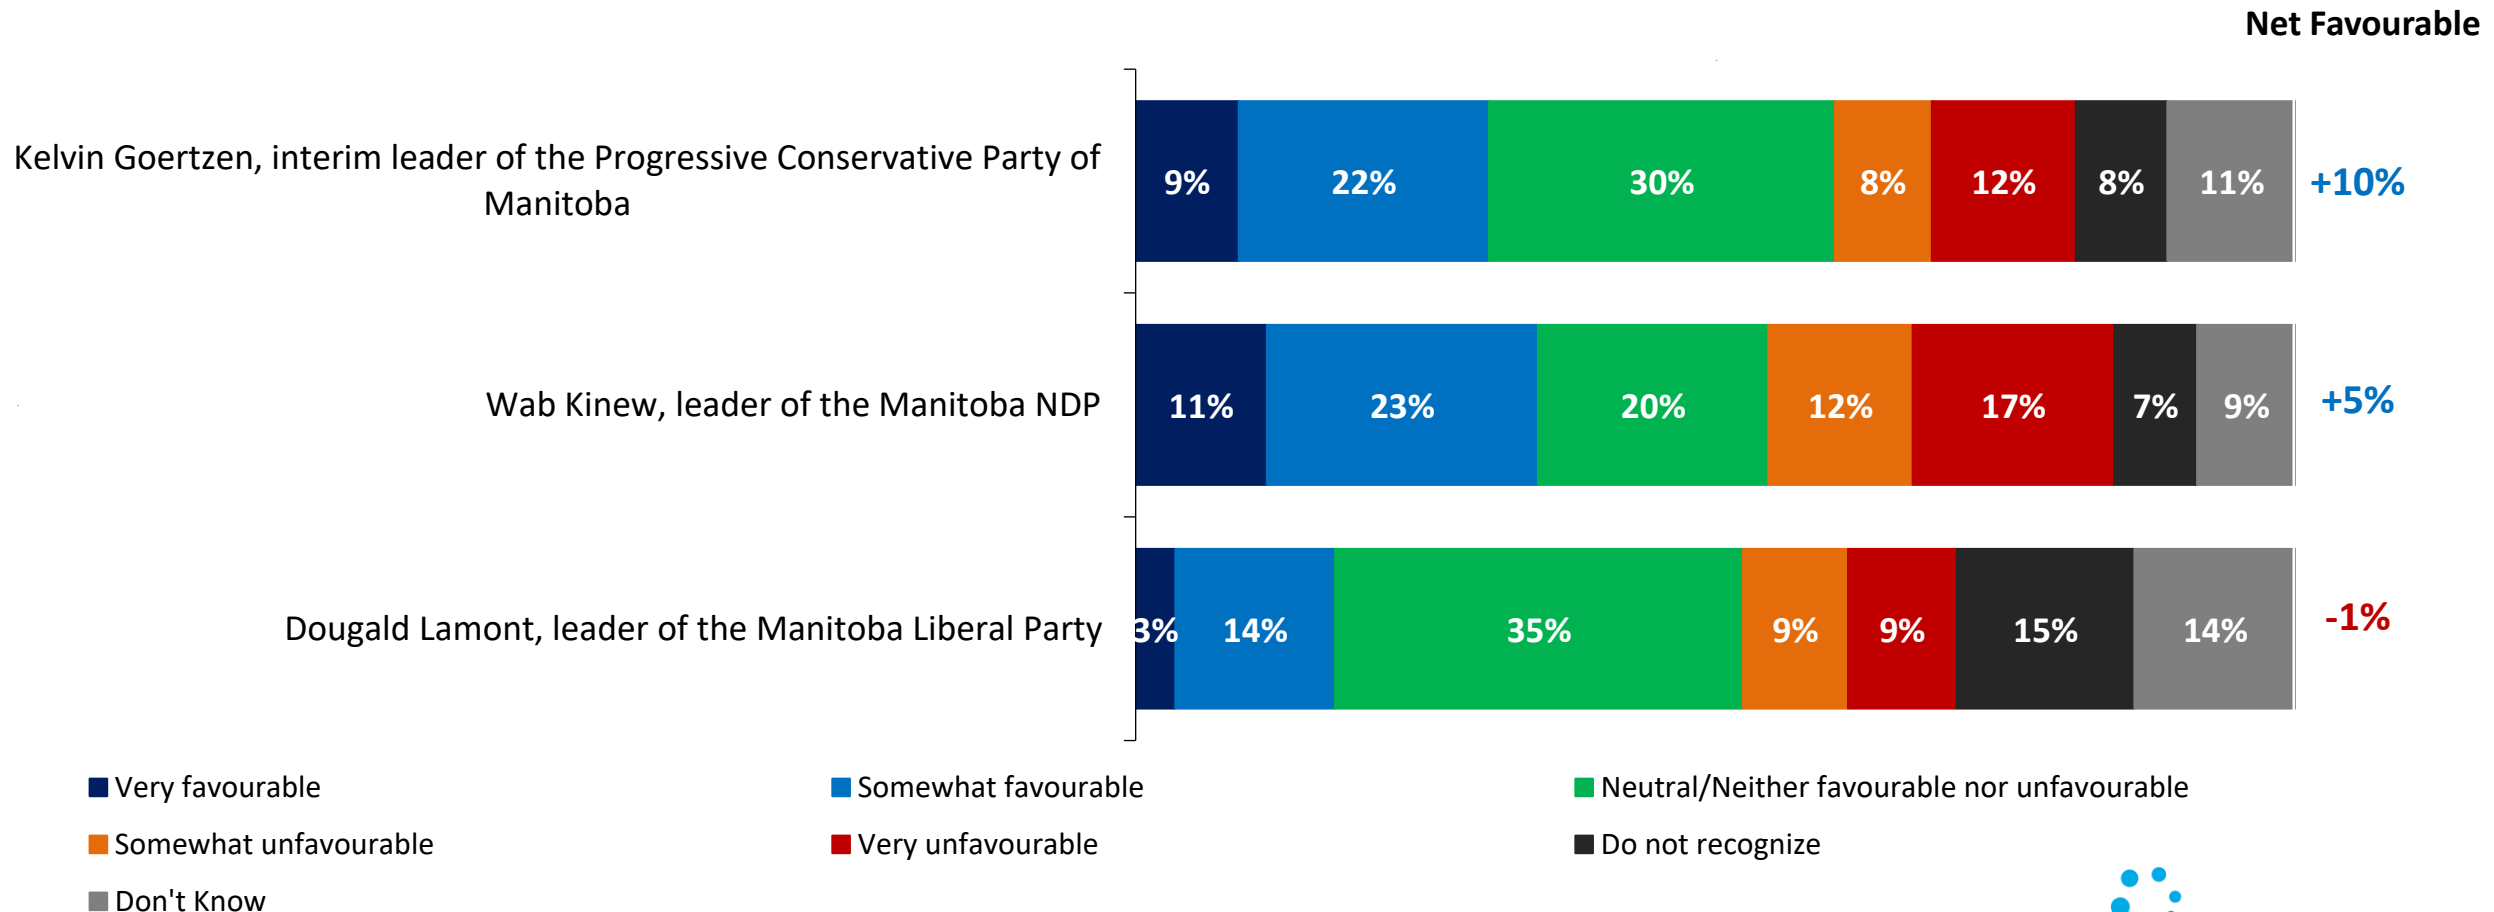

The background is a solid blue gradient. Scattered across the page are several white circles of varying sizes, some overlapping the text area. The circles are positioned in the upper right, middle right, and lower right sections of the image.

Leader Favourables: Kelvin Goertzen leads in net favourability (+10%) while Dougald Lamont falls behind with -1% net favourability

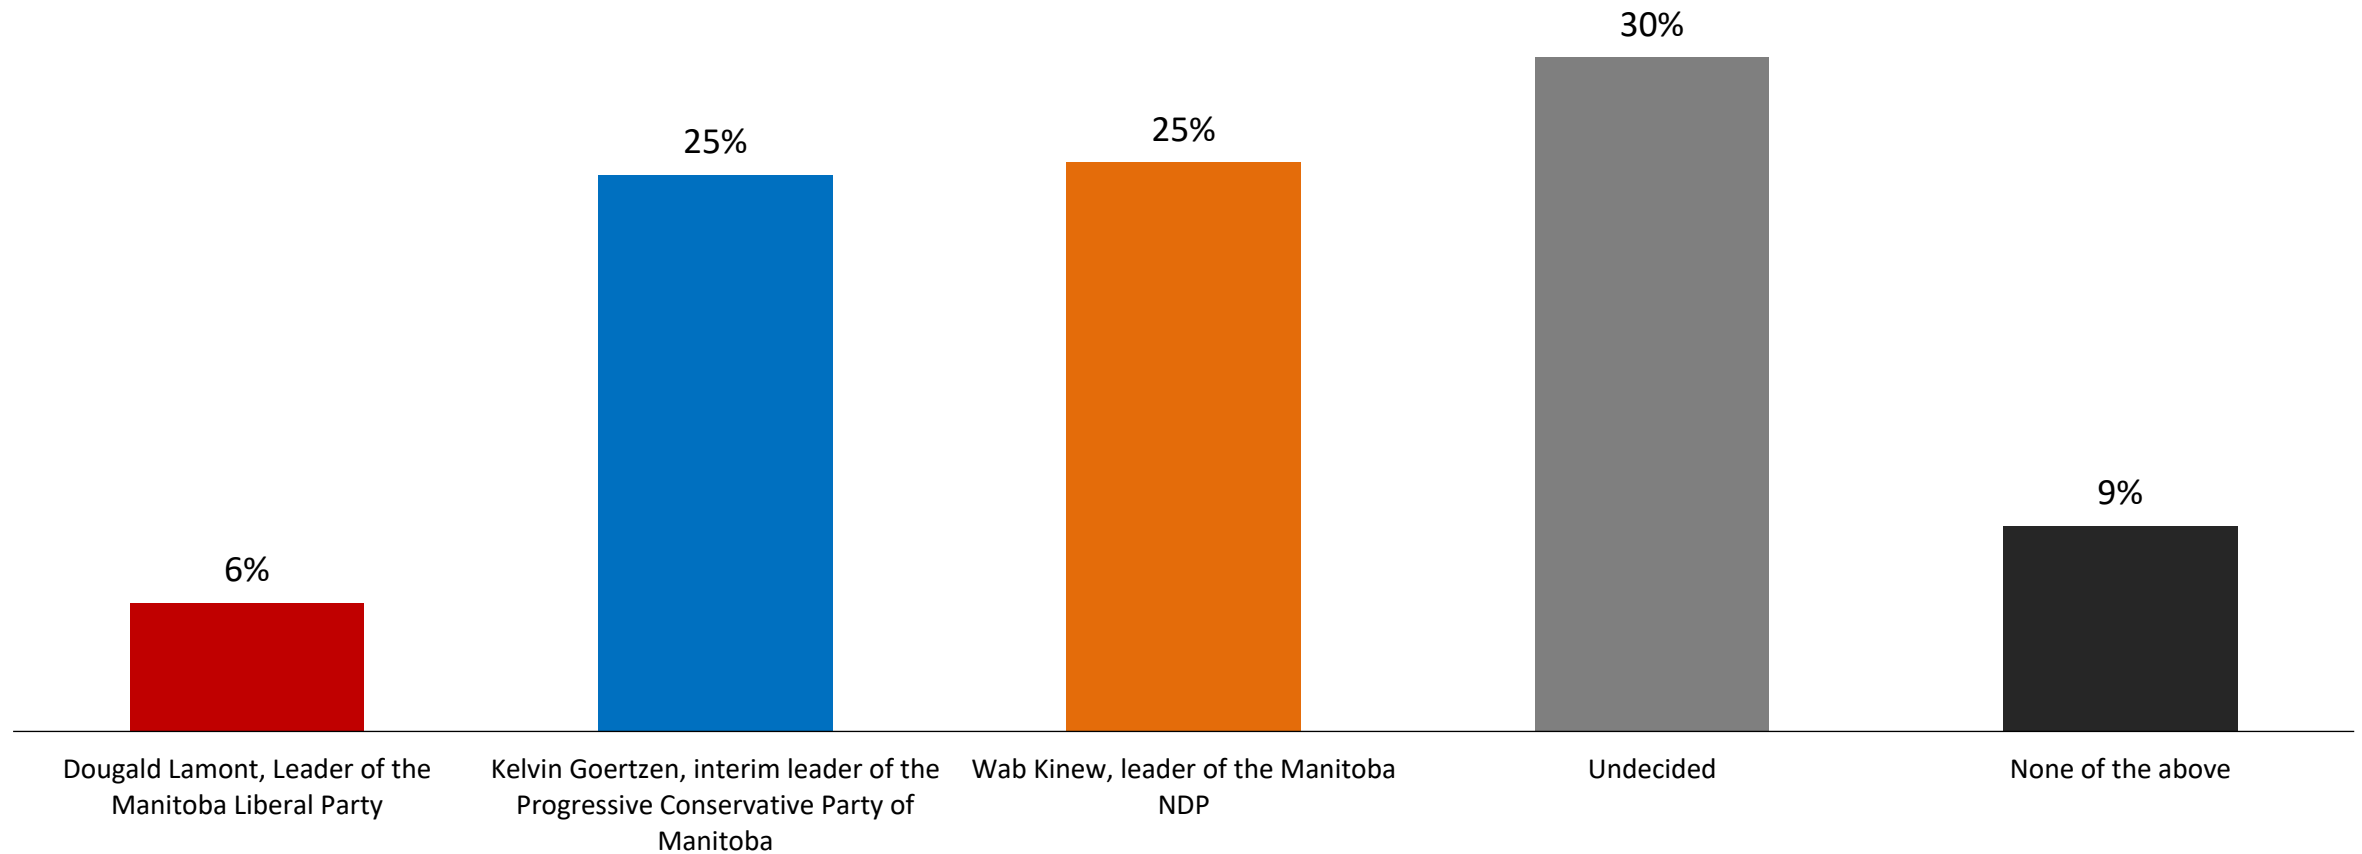

Below are the names of several individuals who have been mentioned in the news recently. For each one, please indicate whether you have heard of that person and, if so, whether you have a very favourable, somewhat favourable, neither favourable or unfavourable, somewhat unfavourable or very unfavourable impression of that person. If you do not recognize the name, just indicate.

[asked of all respondents; n=500]

Best Premier: Voters seem to be evenly split between Kelvin Goertzen and Wab Kinew, with Dougald Lamont lagging behind

Q Which of the following leaders would make the best Premier of Manitoba?
[asked of all respondents; n=500]

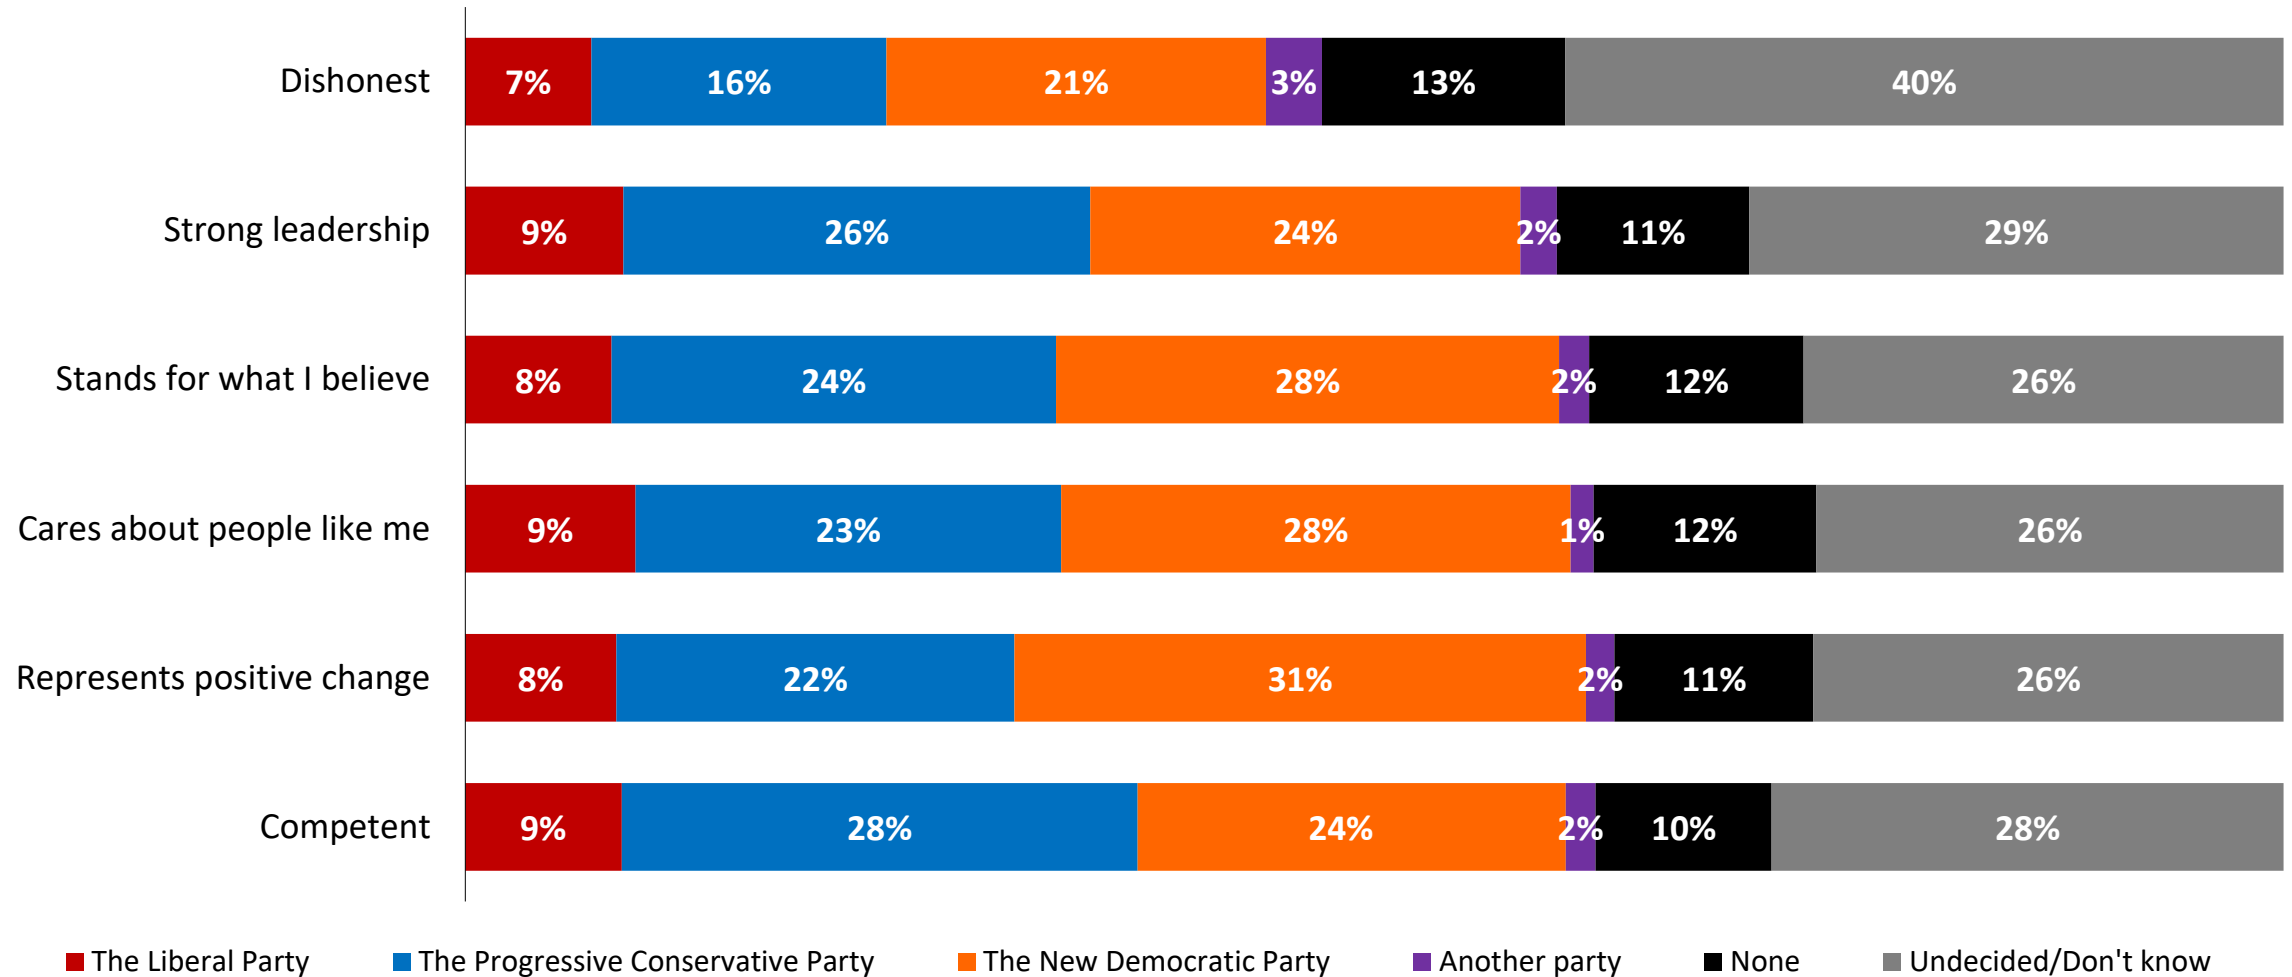

Leader Attributes: Almost 1-in-3 believe the NDP leader, Wab Kinew best represents positive change (31%)

Now we would like to read you a list of different words or phrases that describe some political leaders. For each word or phrase, please indicate who it BEST describes...

[asked of all respondents; n=500]

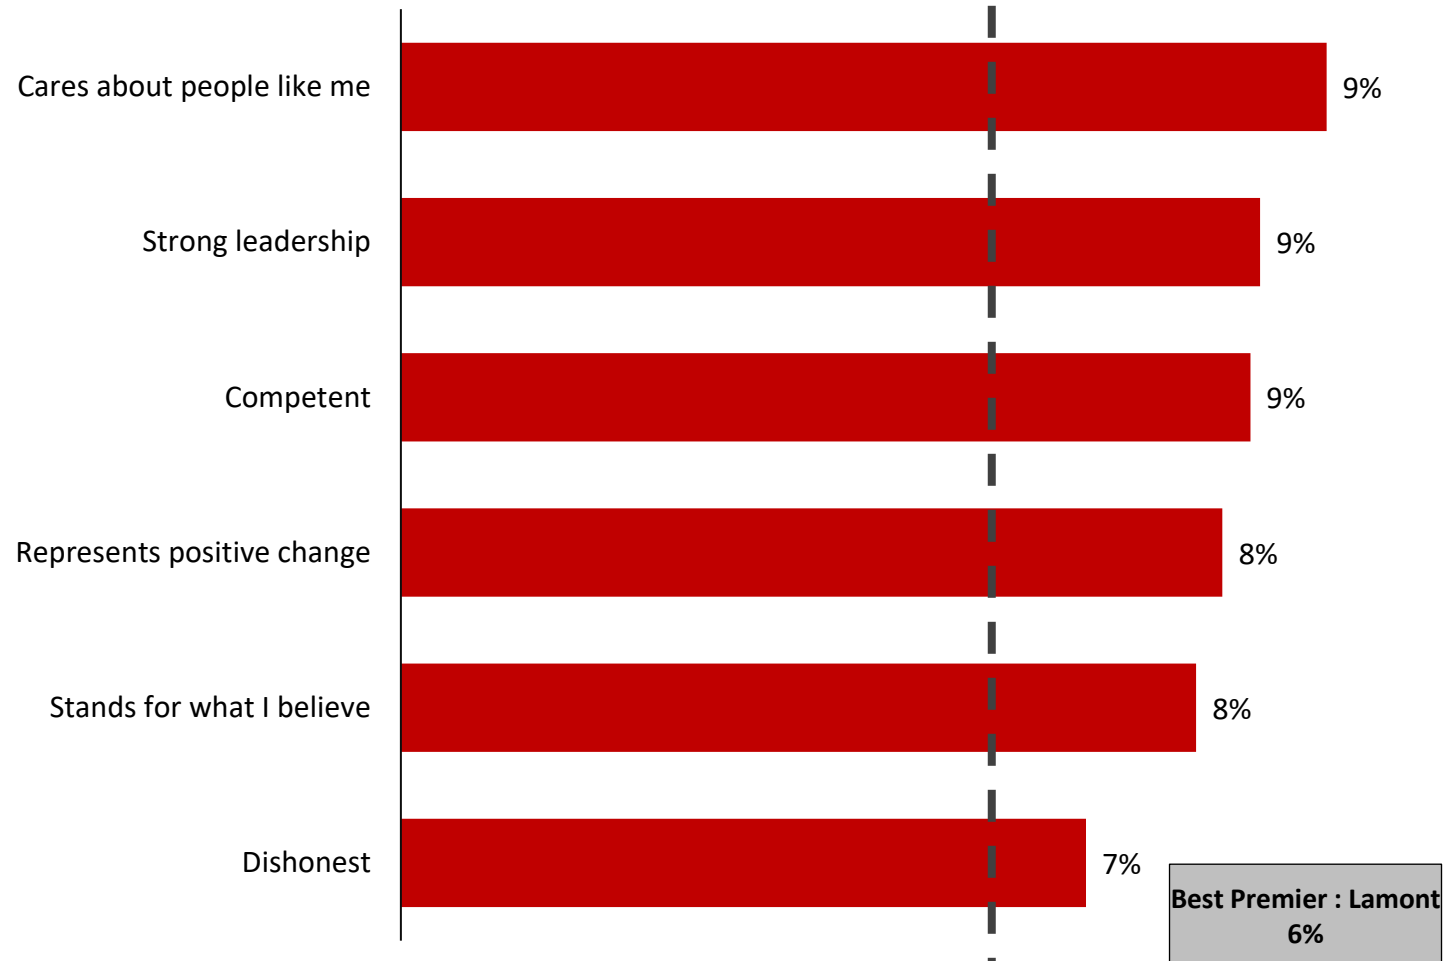

Liberal Leader Qualities: The Liberal leader, Lamont, is consistent across all qualities with people believing he cares the most (9%)

Q

Now we would like to read you a list of different words or phrases that describe some political leaders. For each word or phrase, please indicate who it BEST describes...

[asked of all respondents; n=500]

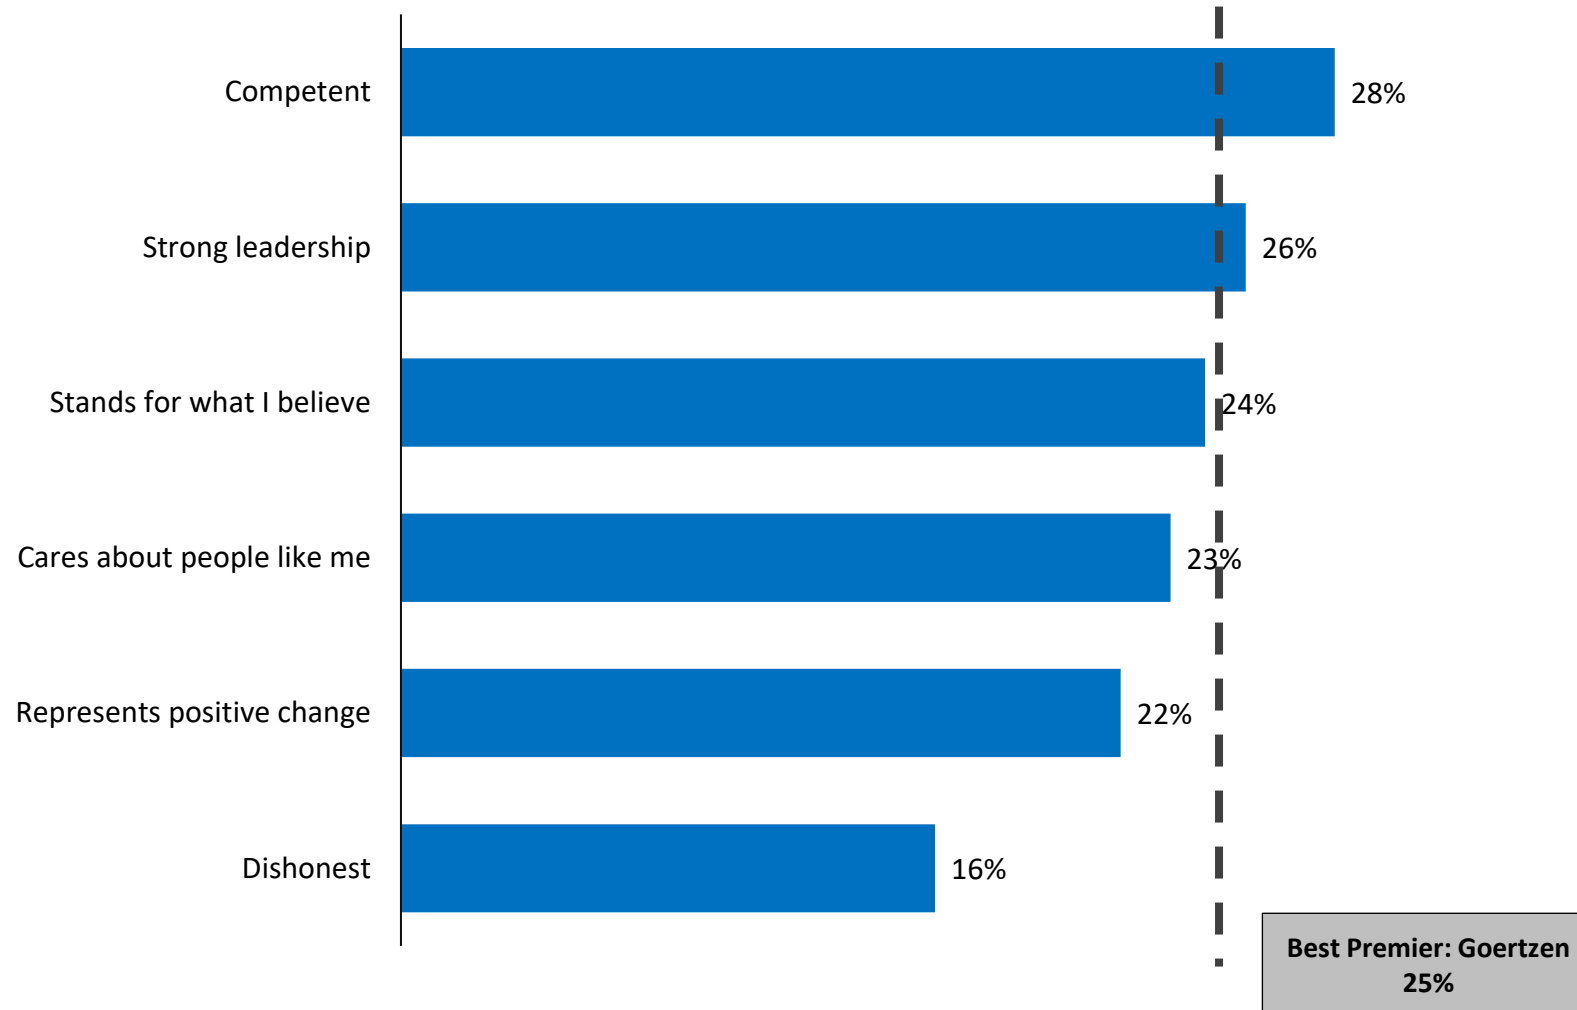

Progressive Conservative: The PC interim leader, Goertzen, is most known for being competent (28%)

Now we would like to read you a list of different words or phrases that describe some political leaders. For each word or phrase, please indicate who it BEST describes...

[asked of all respondents; n=500]

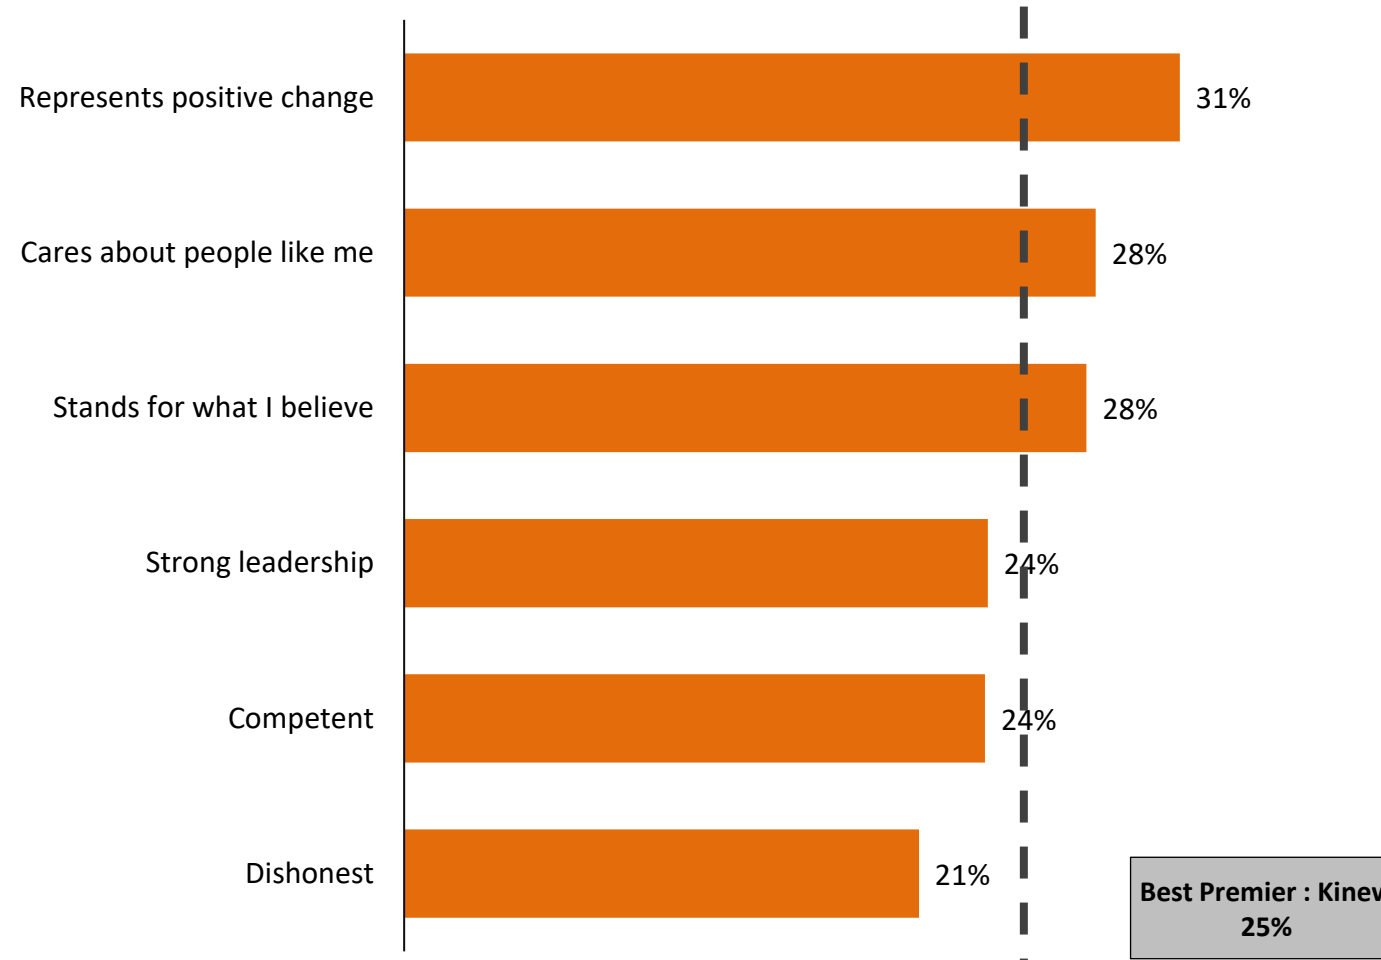

NDP Leader Qualities: The NDP leader, Kinew, is most known for representing change (31%) but not as competent (24%)

Q

Now we would like to read you a list of different words or phrases that describe some political leaders. For each word or phrase, please indicate who it BEST describes...

[asked of all respondents; n=500]

PC Leadership Race

Leader of the PCP Favourables: Both candidates have similar favourables but Shelly Glover has more unfavourables

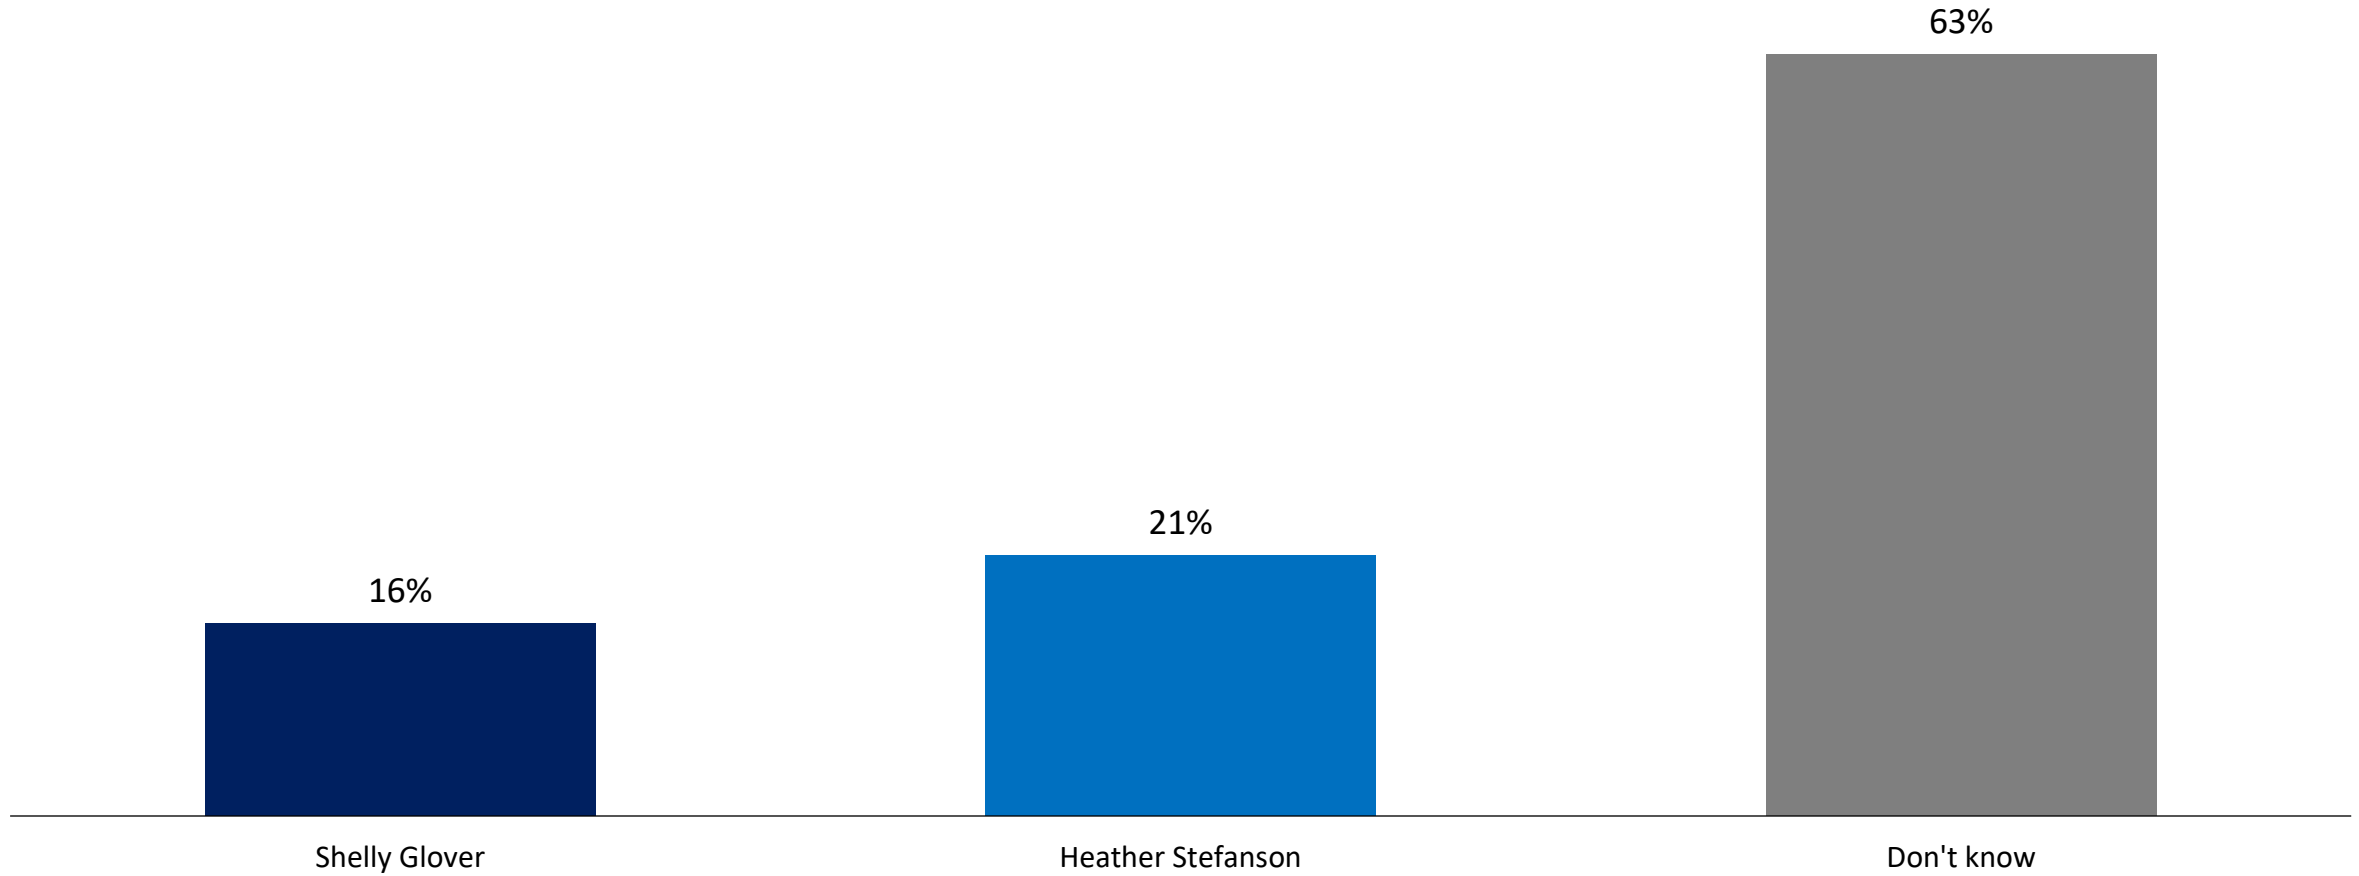

Below are the names of several individuals who are running to be the next leader of the Progressive Conservative Party of Manitoba. For each one, please indicate whether you have heard of that person and, if so, whether you have a very favourable, somewhat favourable, neither favourable or unfavourable, somewhat unfavourable or very unfavourable impression of that person. If you do not recognize the name, just indicate.

[asked of all respondents; n=500]

Best Premier for the PCP: Stefanson leads Glover as best Premier, but a ³² large majority simple don't have a view

Q Which of the following leaders would make the best Premier of Manitoba?
[asked of all respondents; n=500]

Best Premier by Value Cluster: Heather Stefanson leads among all groups except the core left where both are tied

		Value Clusters				
		Deferential/Populist Conservatives	Business Liberals	Left Liberals	Core Left	Thrifty Moderates
		(N=100)	(N=136)	(N=86)	(N=98)	(N=80)
Best Premier	Shelly Glover	21%	15%	13%	15%	16%
	Heather Stefanson	26%	23%	16%	15%	27%
	Don't know	54%	62%	70%	71%	57%

Best Premier by Economic Gap: Stefanson leads in every group; up 8 points among Achievers

		Economic Gap			
		Achievers	Strugglers	Ambivalent	Alienated
		(N=153)	(N=137)	(N=92)	(N=118)
Best Premier	Shelly Glover	20%	18%	13%	10%
	Heather Stefanson	28%	20%	21%	15%
	Don't know	52%	63%	66%	75%

Best Premier by Time for Change: Glover leads among Time for a Change PCs and soft PCs but trails in other groups

		Time for Change					
		Core PC	Soft PC	Time for a Change PC	Uncertain	Soft anti-PC	Hostile
		(N=88)	(N=33)	(N=65)	(N=60)	(N=134)	(N=121)
Best Premier	Shelly Glover	20%	24%	31%	8%	12%	11%
	Heather Stefanson	38%	19%	23%	6%	17%	22%
	Don't know	42%	56%	46%	86%	71%	67%

Best Premier by Party ID: Stefanson leads in every group except unaligned voters

		Provincial Party Identification			
		Liberal	Progressive Conservative	NDP	Unaligned
		(N=76)	(N=167)	(N=113)	(N=116)
Best Premier	Shelly Glover	14%	22%	17%	10%
	Heather Stefanson	25%	26%	22%	10%
	Don't know	61%	52%	61%	80%

Provincial Combined Vote: The main impact of replacing Pallister appears to already be factored into voting preference

Q Now, if a provincial election were held today with your preferred candidate as the leader of the PC Party, which party would you vote for? **[Vote + Lean]**
[asked of all respondents; n=500]

Q If a provincial election were held today, which party would you vote for? In that case, which party do you lean toward slightly? **[Vote + Lean]**
[asked of all respondents; n=500]

Methodology

The background of the slide is a solid dark blue color. It features several faint, light blue circles of varying sizes scattered across the surface, creating a subtle pattern.

Survey Methodology

These are the results of an online survey conducted between: September 24th to October 5th, 2021.

Method: This online survey was conducted using INNOVATIVE's Canada 20/20 national research panel with additional respondents from Dynata, a leading provider of online sample. Each survey is administered to a series of randomly selected samples from the panel and weighted to ensure that the overall sample's composition reflects that of the actual Manitoba population according to Census data to provide results that are intended to approximate a probability sample.

Sample Size: n=678 Manitoba residents, 18 years or older. The results are weighted to n=500 based on Census data from Statistics Canada.

Field Dates: September 24th to October 5th, 2021.

Weighting: Results for Manitoba are weighted by age and gender to ensure that the overall sample's composition reflects that of the actual population according to Census data; in order to provide results that are intended to approximate a probability sample. Weighted and unweighted frequencies are reported in the table.

Margin of Error: This is a representative sample. However, since the online survey was not a random probability-based sample, a margin of error cannot be calculated. Statements about margins of sampling error or population estimates do not apply to most online panels.

Note: Graphs may not always total 100% due to rounding values rather than any error in data. Sums are added before rounding numbers.

	Unweighted (n)	Unweighted (%)	Weighted (n)	Weighted (%)
Men 18-34	43	6.4%	50	10.2%
Men 35-54	91	13.5%	85	17.2%
Men 55+	141	20.9%	101	20.6%
Women 18-34	87	12.9%	58	11.9%
Women 35-54	154	22.8%	97	19.7%
Women 55+	159	23.6%	101	20.5%
